MAMEDICA

Recipient Townsend House Medical Centre (TOWNSEND HOUSE MEDICAL CENTRE) Townsend House, 49 Harepath Road, Seaton, Devon, EX12 2RY	Patient Name: Saleem Aziz Date of birth: 1999-06- 25 NHS number: Address: 	Date Prescription notice regarding prescription issued: 25/01/2025 Date of correction: 30/10/2025 Reason for Rectification: Reissued - clerical error
---	--	--

Saleem Aziz was seen for an initial assessment to determine if cannabis based prescription medicines (CBPMs) are a suitable therapeutic option for their Anxiety.

Your patient has undergone an assessment with Mamedica for treatment of their condition specified above, with CBPMs. Based on my assessment today and a thorough review of the patient records, I have determined the patient a suitable candidate for treatment with CBPMs. I have prescribed the following for the patient:

- Big Narstie T27 27 THC, <1 CBD Flower - Moroccan Peaches (10G) Flower**
1 (ONE) x 10g (TEN GRAMS) Container
- Pure Sunfarms T23 23 THC, <1 CBD Flower - Donny Burger (10g) Flower**
1 (ONE) x 10g (TEN GRAMS) Container
- Pure Sunfarms T23 23 THC, <1 CBD Flower - Jet Fuel Gelato (10g) Flower**
1 (ONE) x 10g (TEN GRAMS) Container
- Aurora 22 THC <1 CBD Hybrid Flower - Delahaze (10g) Flower**
1 (ONE) x 10g (TEN GRAMS) Container
- Althea 25 THC, <1 CBD Flower - Powdered Donuts (10g) Flower**
1 (ONE) x 10g (TEN GRAMS) Container
- Grow by PHCan 18 THC, <1 CBD Flower - Gelato (10g) Flower**
1 (ONE) x 10 g (TEN GRAMS) Container

We have had a thorough consultation with Saleem Aziz regarding CBPMs. The patient has read and signed a consent agreement, indicating the patient understands and agrees to the risks involved with receiving CBPMs. We have discussed treatment goals with the patient and explained about the potential adverse effects of this treatment, drug interactions and how the long-term effects are still unclear. We have explained how to administer the medication and that the effects of CBPMs in its prescribed form could last up to 8 hours after consumption, and the patient must not drive or operate machinery during that period of time, if they feel impaired. We have also explained that the product must be kept in original packaging and in a secure place out of the reach of children. We informed the patient that they are only permitted to obtain CBPMs from a licensed pharmacy and are allowed to carry only a 28-day supply of their prescribed daily dosage. We have also advised the patient that they must keep their medication in its original prescription bottle or packaging while traveling within the country. This, along with a copy of their prescription, serves as proof of their legal right to possess CBPMs. If the patient is traveling to another country, they have been informed that it is their responsibility to verify whether it is legal to bring their medication into that country. The patient was informed that sharing or selling their CBPMs is prohibited under UK law. The patient understands that they can only be registered with one clinic prescribing CBPMs, must attend regular follow-ups to monitor the effects of the treatment, and that failure to comply with any of these conditions will result in the termination of their access to our services. If you have any concerns regarding your patients being prescribed CBPMs, please do not hesitate to get in touch with the clinic on [REDACTED]

PRIVATE AND CONFIDENTIAL

RE: Mr. Saleem Aziz, 25/06/1999

To whom it may concern,

Re: Confirmation of Patient Status and Prescription – Medical Cannabis

We confirm that the individual named above has been under the care of Mamedica since the 18th September 2023.

During this time, the patient was prescribed cannabis-based medicinal products following a clinical evaluation by Dr [REDACTED]. The patient is now under the care of Dr [REDACTED]. All consultations include a full assessment in accordance with professional standards and applicable clinical guidance.

As part of our standard clinical practice, prescribing doctors will advise patients that they are legally permitted to drive in the UK while using prescribed medical cannabis, provided that:

1. They are not impaired.
2. The cannabis-based medication has been prescribed specifically to them, and they can provide appropriate evidence if required.
3. They are adhering to the instructions given by their prescribing doctor.

If the above criteria are met, the patient has a statutory medical defence against the offence of driving with THC levels exceeding the legal limit of 2µg/L in the blood.

However, patients are also clearly advised that driving while impaired by prescribed cannabis-based medication is not permitted. They are specifically warned of the legal consequences of exceeding the THC limit, as outlined in Section 5A of the Road Traffic Act 1988.

This warning, and the relevant legal context, is documented in the patient's clinical notes at the time of consultation.

The key legal consideration this section refers to is the dispensing of the medication, not the patient's use if the supply was legitimately supplied. There are however important clinical and safety reasons to use controlled drugs only as directed, and prescribers may review ongoing need at the next prescription interval. The patient stated in his 3-month review on the 2nd of April 2024, that he had been using less for financial reasons.

Our clinicians are unable to provide advice or act as expert witnesses in relation to this matter. Independent advice should be sought from a specialist in pharmaceutical law.

MAMEDICA

Please find the following documents for your reference:

1. A copy of the prescription(s) issued during the treatment period; and
2. A copy of the clinical consultation notes, which include the recorded driving-related guidance given to the patient.

Should you require any further information, please do not hesitate to contact us.

Yours sincerely,

Mamedica Limited

If you use a paper version and need more space, you may attach extra sheets. 2. Sign and date the completed form. 3. Send a copy of the completed form to: (a) the Crown Court office, and (b) the appellant (or the appellant's representative, if any). You must send this form so as to reach the recipients not more than 21 days after the date the appeal notice was served on you.
(1) Service of appeal notice. The appeal notice was served on the respondent on 02/12/2025	

¹ Forms for use with the Rules are at [REDACTED]

(2) The issues in this case. I agree with the summary of the issues in the appellant's appeal notice ☐ Yes ☒ No If no: The issues in the case are: The Crown oppose the appeal.	
(3) Case management in the Crown Court. Did the appellant attend the trial in the magistrates' court? ☒ Yes ☐ No How long did the trial last in the magistrates' court? 3 Hours How long do you expect the appeal hearing to last in the Crown Court? Half a Day A. Case management information about the trial in the magistrates' court 1. Which prosecution witnesses gave oral evidence in the magistrates' court? List their names unless they are listed correctly in the appeal notice. PC [REDACTED] 2. Did any prosecution witness require an interpreter in the magistrates' court? ☐ Yes ☒ No If yes, list their names. 3. Were special or other measures directed for any prosecution witness who gave oral evidence in the magistrates' court? List their names and describe what the measures were. N/A 4. Was a witness summons required for any prosecution witness who gave oral evidence in the magistrates' court? List their names. N/A 5. Were any prosecution witnesses' written statements read out in the magistrates' court? If so, which ones? List the witnesses' names unless they are listed correctly in the appeal notice. N/A 6. Which defence witnesses gave oral evidence in the magistrates' court? List their names unless they are listed correctly in the appeal notice. Saleem Aziz 7. Were any defence witnesses' written statements read out in the magistrates' court? If so, which ones? List the witnesses' names unless they are listed correctly in the appeal notice.	

N/A

8. In the magistrates' court, did the prosecution introduce evidence or make an application under any of the following Criminal Procedure Rules?

Part 16 Written witness statements

☐ Yes ☒ No

Part 17 Witness summonses, warrants and orders

☐ Yes ☒ No

Part 18 Measures to assist a witness or defendant to give evidence

☐ Yes ☒ No

Part 19 Expert evidence

☐ Yes ☒ No

Part 20 Hearsay evidence

☐ Yes ☒ No

Part 21 Evidence of bad character

☐ Yes ☒ No

Part 22 Evidence of a complainant's previous sexual behaviour

☐ Yes ☒ No

B. Case management information about the appeal to the Crown Court

1. Which prosecution witnesses do you intend to call to give oral evidence in the Crown Court? List their names.

PC [REDACTED]

2. Do any prosecution witnesses whom you intend to call need an interpreter in the Crown Court?

☐ Yes ☒ No

If yes, list their names and the language (and dialect, if relevant).

3. Do any witnesses whom you intend to call need special or other measures? List their names and describe what measures you think they will need.

N/A

4. Do you require a witness summons for any witness? List their names. If you want the Crown Court to issue a witness summons you must ask the court to do so, or give notice in paragraph B7 beneath if that applies.

N/A

5. Which written witness statements do you intend to read out in the Crown Court? List the witnesses' names.

N/A

6. Are there any dates during the next 6 months on which any of the intended prosecution witnesses will NOT be available to give evidence? Give the name of each witness who will NOT be available at any time during the next 6 months and GIVE THE DATES ON WHICH THEY WILL NOT BE AVAILABLE.

To be confirmed.

7. If you answered 'yes' to any question at A8 above, do you want to introduce the same evidence or make the same application in the Crown Court? If so, tick 'yes'. If you use this form to give notice that the prosecution wants to introduce evidence or make an application in the Crown Court that was made before in the magistrates' court then you do not have to give any other notice(s). Otherwise, you must give the notice or make the application required by the rules that apply not more than 21 days after service of the appeal notice.

Part 16 Written witness statements

Dear Sir/Madam,

Following recent correspondence from Wessex Crown Court Unit regarding advice that the letter submitted as evidence from [REDACTED] MRPharmS BPharm, dated 4th November 2025 (see attached), would not be accepted without [REDACTED] attending as a professional witness, I wish to inform the court that [REDACTED] has agreed to attend and is available to provide evidence for the trial on 10th February 2026 however [REDACTED] would need to attend remotely via secure video link.

[REDACTED] would require a remote video link in order to attend trial and has a secure private office available for this. Could you please send the secure video link to: [REDACTED]

Details of professional witness:

[REDACTED]

[REDACTED] evidence is vital for the defence in this appeal for the following reasons:

I was prosecuted based upon the date of prescription (written 25th January 2024, dispensed on 29/01/2025) however I was arrested on the 31st March 2024 (just over 2 months since the prescription was dispensed).

Both the prosecution and the Magistrate wrongly assumed that the possession was therefore unlawful and that the statutory medical defence failed for this reason (S.5A(3)(c) RTA 1988).

I had been prescribed 60g (6 x 10g individual prescriptions) which are PRN (use as required) and as with most medical cannabis patients, patients will use a certain dose of a certain cultivar dependant on the patients' clinical needs. Therefore, patients will in most cases have certain cultivars that they use less than others (say an indica to help with sleep when needed) and will continue to use this product until it has run out or is past its best.

A person possessing a Schedule 2 controlled drug as part of a prescription is not breaking the law under Section 5(1) of the Misuse of Drugs Act 1971 because the prescription is authorized by regulations made under Section 7 of the Act. These regulations provide a legal exemption for specific activities, such as a patient possessing a prescribed controlled drug for their medical use, making the possession lawful.

- **Section 5(1) MDA 1971:**

This part of the Act makes it illegal to possess controlled drugs, but it includes exceptions for specific circumstances.

- **Section 7 regulations:**

These regulations specify who can be exempt from the possession rules. For example, a patient who is legally prescribed a drug under the regulations is exempt from the general prohibition on possession.

- **Lawful possession:**

Therefore, a patient in possession of a Schedule 2 controlled drug that was prescribed to them is acting lawfully because they are covered by the exemption in the regulations.

Clarification on the 30-day period:

- The 30-day period applies to the **prescribing and dispensing** of controlled drugs, not the patient's possession.
- **For prescribers and pharmacists:** The Department of Health and Social Care recommends that the **maximum** quantity of a Schedule 2 controlled drug prescribed or dispensed should not exceed 30 days.
- **For patients:** This dispensing limit does not impose a 30-day possession limit on the patient. A person can possess their remaining medication for as long as they need to complete their course of treatment, provided it was initially supplied legally.

Section 5A (3) RTA 1988 states:

"It is a defence for a person ("D") charged with an offence under this section to show that: -

- a. the specified controlled drug had been prescribed or supplied to D for medical or dental purposes,*
- b. took the drug in accordance with any directions given by the person by whom the drug was prescribed or supplied, and with any accompanying instructions (so far as consistent with any such directions) given by the manufacturer or distributor of the drug, and -*
- c. D's possession of the drug immediately before taking it was not unlawful under section 5(1) of the Misuse of Drugs Act 1971 (restriction of possession of controlled drugs) because of an exemption in regulations made under section 7 of that Act (authorisation of activities otherwise unlawful under foregoing provisions).*

I therefore met the criteria for the three limbs of the statutory medical defence as per s.5A (3) RTA 1988 in that the cannabis was prescribed to me for medical treatment, that I followed the directions of my prescribing consultant (used a vaporiser and was not impaired) and that possession was legal.

Please let me know if you require any further information.

Kind regards,

Saleem.

IN THE CROWN COURT AT WINCHESTER

REX

-V-

SALEEM AZIZ

DEFENCE STATEMENT

Defence

1. The appellant denies the offence of driving a motor vehicle when the proportion of Delta-9-THC in his blood exceeded the legal limit on 31st March 2024.
2. The appellant accepts that he was driving the motor vehicle and the toxicology results. He relies upon the statutory defence set out in section 5A(3) of the Road Traffic Act 1988.
3. At the time of driving and for some time before the appellant was prescribed cannabis for medical purposes.
4. The appellant took the medical cannabis in accordance with the prescription instructions and accompanying instructions from the manufacturer/distributor.
5. Clearly, given the prescriptions, the appellant's possession of the drug immediately before taking it was not unlawful.
6. The appellant asserts that he was not impaired through cannabis consumption at the time of driving although PC [REDACTED], who provided no issue with the appellants driving, carried out a field impairment test based upon the appellant appearing nervous and his hands shaking.
7. The appellant suffers from severe anxiety and depression for which he is prescribed cannabis and further, his anxiety is triggered via police interaction due to previous experiences.

8. PC [REDACTED] has no qualification nor training in psychology or in identifying symptoms associated with anxiety disorders and so was unable to provide an unbiased assessment.

Professional evidence

9. The appellant relies upon the professional evidence of [REDACTED], a Superintendent Pharmacist with extensive experience in the dispensing of medical cannabis prescriptions.

Other material relied upon by the appellant

10. The appellant will also rely on the guidance provided to police officers by the National Police Chiefs' Council/Association of Police Controlled Drug Liaison Officers, the Cannabis Industry Council and the Forensic Science Regulator.

Representations

11. The appellant requests that the CPS review the decision to resist the appeal in this case on the basis that there is no realistic prospect of conviction.
12. Pursuant to section 5A(5) of the Road Traffic Act 1988 “if evidence is adduced that is sufficient to raise an issue with respect to the defence in subsection (3), the court must assume that the defence is satisfied unless the prosecution proves beyond reasonable doubt that it is not.”
13. The appellant has provided evidence that he was prescribed cannabis for medical reasons at the time of this incident.
14. The appellant took this cannabis in accordance with the prescription instructions and any other instructions provided by the manufacturer/distributor.
15. The appellant was convicted for the S.5A offence on the 13th October 2025 due to the prosecution proposing that the prescriptions were beyond the legal timeframes for a 30 day prescription as the arrest was over two months post the prescription date.
16. A person possessing a Schedule 2 controlled drug as part of a prescription is not breaking the law under Section 5(1) of the Misuse of Drugs Act 1971 because the prescription is authorized by regulations made under Section 7 of the Act. These regulations provide a legal exemption for specific activities, such as a patient possessing a prescribed controlled drug for their medical use, making the possession lawful.

17. Clearly the appellant's possession of any cannabis consumed at the time was lawful thus the appellant met all three limbs of the statutory defence as per S.5A(3)
18. In those circumstances, it is submitted that the prosecution has no realistic prospect of proving beyond reasonable doubt that the defence is not satisfied.

Endorsement:

DJ [REDACTED] via CVP
[REDACTED] ssisted by Mackenzie Friend

PC attends.

NG pleas maintained. D has raised defence pursuant to s.5A (3) RTA 1988 to the s.5 charge
D claims that he was not impaired

DJ. Prescription had expired by 31/3/24; there is no evidence to say D could continue to take the cannabis beyond its expiry date of 13/3/24, thus the defence pursuant to s.5A(3) is NOT available to the s.5 offence. G after trial.

No finding on the s.4 offence as Crown does not seek finding on both offences

On enquiry with DVLA D has a relevant qualifying offence of drink drive from 2020

D has lodged a Notice of Appeal against conviction at Court today AND an application to suspend disqualification pending Appeal.
Application to suspend disqualification refused by DJ

Sentencing Details:

s.5 :
fine £657
costs £150 - means (£650 applied for)
s/c £263
disq from driving 36 months (mandatory)

Dear Mr Aziz,

DEFENDANT(S): Saleem AZIZ

URN: 44BB0228824

COURT AND HEARING DATE: Aldershot Magistrates Court 7th March, 2025

We have received an E-mail from you titled Defence Statement, dated 3rd January 2025. It does not mention any items you are requesting be disclosed to you. Going back through previous email correspondence, I am assuming it is the items listed there that you are requesting.

The relevant period for service of a Defence Statement is set at 14 days after the Crown has purported to serve initial disclosure. The Crown purported to comply with its obligations on 8 November 2024 by sending the initial disclosure to you by post.

Despite the late service of the Defence Statement, I will deal with the items I believe are being requested.

Item 1 – As per the endorsement on the unused schedule, this item is not disclosable. You have not explained why you consider it requires disclosing.

Item 2 – As per the endorsement on the unused schedule, this item is available on request from the police. Please contact them.

Crown House

Official-Sensitive general handling guidance	
Additional handling instructions (if any):	

MG11 WITNESS STATEMENT			
Occurrence Number:		URN:	
Statement of:			
Age:		Occupation:	
This statement is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated in it, anything which I know to be false, or do not believe to be true.			
To find out more about how Hampshire and Isle of Wight Constabulary uses your personal data and how to exercise your data rights, see our privacy notice at [REDACTED] or request a copy by calling 101.			

This statement is in relation to an incident where I arrested Saleem AZIZ on suspicion of driving with a proportion of a specified controlled drug in excess of the specified limit and driving whilst being unfit through drink or drugs.

On Sunday, 31 March 2024, I was on duty in full uniform in, a marked Police car parked at a static site. At around 14:00 hrs a vehicle, a Renault Clio in black displaying registration DE05YZK was stopped leaving an illegal rave on the A303 in Andover

At 14:00 hrs, I required AZIZ to cooperate with a preliminary breath and drug test, pursuant to Section 6 of the Road Traffic Act 1988.

AZIZ provided a preliminary drug test which indicated a positive result for cannabis/ cocaine and as such at 16:29, I arrested him on suspicion of driving with a proportion of a specified controlled drug in excess of the specified limit. Due to his demeanour and behaviour as well as the suspicion, he was driving whilst unfit though drink or drugs I required AZIZ to carry out a field impairment test.

This test is a series of exercises that give an indication as to the level a driver may be impaired to drive. Weather conditions were fine and dry with a flat tarmac area suitable for the test and AZIZ was wearing shoes.

He appeared nervous when stopped and his hands were shaking. The first test is a pupil exam. A gauge is held to the side of the face of the subject and a comparison on the pupil size is taken. Both of AZIZ' pupils measured 2mm and his eyes were watery.

I then conducted a field impairment test [REDACTED] between the approximate times of 14:07 and 14:23 hours. The results of this showed a level of impairment.

The tests were conducted and all the results were recorded on the MGDD/F form at the time. The results were as follows:

PUPILLARY EXAMINATION

The left eye was 2 mm and the right eye was 2 mm. The normal accepted range is 3.0 to 6.5mm.

AZIZ had watery eye. His pupils were constricted now, the opposite of when initially stopped but very small and pinpoint in description. Although daylight the area is not very bright and I would not expect his pupils to be so small, unless under the influence.

MODIFIED ROMBERG BALANCE TEST

During this test the subject is required to stand still with his hands by his sides. The subject has to tilt his head back and close his eyes, then tell the officer when they feel that 30 seconds has passed. The subject is asked not to start the test until told to do so. The normal accepted range for this test is 25 – 35 seconds.

AZIZ believed that 30 seconds had passed after 24.2 seconds, and when asked "How long was that?" replied "30 SECONDS".

The signs of impairment displayed [REDACTED] were that he was overly quick at 24.2 seconds and also eyelid tremors were present during the test when his head was tilted back and his eyes closed.

WALK AND TURN TEST

During this test the subject is asked to walk heel to toe along a line for nine steps, perform a 180 degree turn then walk back a further nine steps. The subject must keep their arms by their sides and look down at their feet throughout, counting each step out loud.

AZIZ was unable to balance easily and swayed whilst being given

His initial step count was wrong. He wobbled and stepped on his first and second steps and was very unsteady though out the test raising his arms at steps 4 and 5 and again on the return leg after his turn. He also did not manage to get his heel and toes together when stepping. He then wobbled off the line from steps 3-8 after the turn. The turn was carried out in one step spin and his foot wasn't straight and was unsteady on his foot despite being given instructions and shown the test.

There were clear signs of impairment due to his poor balance and inability to listen to and carry out the instructions given.

ONE LEG STAND TEST

During this test the subject is required to stand on one leg with the other raised 6-8" off the ground. The subject must look at the raised foot and count in the following manner, "One thousand and one, one thousand and two.... and so on". The subject then repeats the test on the other foot.

AZIZ counted incorrectly during this test counting one one thousand etc. He had very shakey legs throughout the test and his foot was not held steady or horizontal to the ground and he did not raise either foot high enough and it was only around 3inches off of the ground on both occasions. Again he has failed to listen to and comply with the instructions given

Finger to Nose Test

During this test the subject is required to stand still, with his feet together and his hands and index finger outstretched in front of him, palm up. The subject is requested to close his eyes, tilt his head back and at the officers' direction raise the correct index finger to his nose and return it back to the rest position.

AZIZ was able to balance during the instructions with a slight wobble. He managed to use the correct hand for each test but did not manage to use the tip of his finger on any of the tests and was swaying throughout. On the 3rd attempt he used his whole finger across his nose totally missing the tip. This again showed a level of impairment.

He was further arrested suspicion of driving whilst over unfit though drink or drugs. I cautioned him to which he made no reply. I told AZIZ his arrest was necessary under a preserved power.

In his possession he had a pot which was labelled as medicinal cannabis Flos by a company Big Narstie Medical. The pot had expired on the 13th March 2024 which obviously was before this stop check. This had been issued originally on the 29th January 2024 by a pharmacy [REDACTED] This is shown as having a THC of less than 1%. This was initially put in his property to be taken with him and later seized by PC [REDACTED]

AZIZ was transported to the Northern Police Investigation Centre custody where his detention was authorised by the Sergeant.

Whilst at custody the evidential blood procedure pursuant to Section 7 of the Road Traffic Act 1988 was completed by PO [REDACTED]

Name

SALEEM AZIZ

Date of birth

25/06/1999

Address

You must come to court

At

09:30

on

10/09/2024

Address

BASINGSTOKE Magistrates court
MAGISTRATES COURT, LONDON ROAD,
BASINGSTOKE, HAMPSHIRE, UK, RG21 4AA

Your case reference number is

44BB0228824

Always give this case reference number if you contact the court or the prosecutor.

Why have you been sent this notice?

You have been sent this notice because you are charged with:

(1) On 31/03/2024 at Andover in Hampshire you drove a mechanically propelled vehicle, namely a renault Clio DE05YZK, on a road, namely the Avenue in Andover, whilst unfit to drive through drugs.

Notice of Criminal Charge

-- LEGISLATION: 'Contrary to section 4(1) of the Road Traffic Act 1988 and Schedule 2 to the Road Traffic Offenders Act 1988.'

-- CCCJS CODE: 'RT88340'

-- ACPO: '12.15.23.2'

-- PNLD CODE: 'H42'

(2) On 31/03/2024 at Andover in Hampshire you drove a motor vehicle, namely a renault clio DE05YZK, on a road, namely The avenue in Andover, when the proportion of a controlled drug, namely Delta- 9 - Tetrahydrocannabinol, in your blood, namely 3.6ug/l, exceeded the specified limit

-- LEGISLATION: 'Contrary to section 5A(1)(a) and (2) of the Road Traffic Act 1988 and Schedule 2 to the Road Traffic Offenders Act 1988.'

-- CCCJS CODE: 'RT88584'

-- ACPO: '12.15.53.1'

-- PNLD CODE: 'H10926'

If you do not understand the charges, get legal advice.

Notice of Criminal Charge

Legal advice

If you need advice you should get help from a solicitor or an advice agency **now**. **Do not wait** until you come to court to get advice.

A solicitor is nothing to do with the police or the prosecutor. They can help and advise you about the law and represent you in court. Asking to speak to a solicitor does not make it look like you have done anything wrong.

If you cannot afford a solicitor, you may be able to get free legal advice.

You may be able to find a solicitor on the Law Society website: . Or you can phone the Law Society on 020 7320 5650.

Information about the case against you

The case details will be given to you at court.

If you or your solicitor want the details in advance you must contact the prosecutor.

It is important that you come to court. What happens if you do not?

You may be arrested. If that happens, then you may be kept in custody until you are brought to court.

Or the court may deal with the case even though you are not there. If that happens, then you will not be able to tell the court about your case before it makes a decision about you.

Notice of Criminal Charge

Police Bail

If the police arrested you and then released you on bail to go back to the police station, this notice means that you do not have to go. **You must come to court instead.**

How to contact the prosecutor

Notice of Criminal Charge

Who issued this notice?

Name of
issuer

The Chief Constable Hampshire & Isle of Wight
Constabulary

Date of
issue

27/08/2024

This notice is a 'written charge and requisition'. It has been issued under sections 29 and 30 of the Criminal Justice Act 2003 and rules 7.3 and 7.4 of the Criminal Procedure Rules.

Reduced punishment for guilty plea

If you plead **guilty** the witnesses will not give evidence because you have admitted the charge. The punishment the court gives you and any order for you to pay costs may be reduced. The earlier you tell the court you are going to plead guilty the more the punishment is likely to be reduced.

If you plead **not guilty** there will be a trial to decide the case. If the court finds you guilty then it will decide how to punish you.

This is for your information. It is not meant to tell you to plead guilty if you are not guilty of the charge. Take legal advice.

Information about your finances

If you plead guilty or the court finds you guilty then the court may decide to fine you or order you to make some other payment. You may be ordered to pay a fine straight away.

Notice of Criminal Charge

Before the court decides what you must pay it will want information from you about your finances.

Data Protection Act 2018

The prosecutor has given the court information about you. The information will be shared and kept only as the law requires or allows. Criminal cases are heard in public.

I, [REDACTED] of Hampshire Constabulary hereby certify that I served Aziz, Saleem with the Requisition / evidence* as prescribed by the Magistrates' Courts Act 1980, Section 1 (1) and 3 and 3 / Criminal Justice Act 1967, Section 9 / Road Traffic Offenders Act 1988, Section 13 or 16(6)* of which this is a true copy / these are true copies* by sending them by 1st class post to him / her, posted by me on 27/08/2024 and addressed to [REDACTED] being his / her last (or usual) place of abode.

Dated: 27/08/2024

Signed: [REDACTED]
(*delete where applicable)

Rank / Position: Police staff [REDACTED]

POLICE REPORT URN		44	BB	02288	24
a) AZIZ, SALEEM		Anticipated Plea		Guilty	

1. **Summary of the Key Evidence** - 'Key evidence' establishes every element of the offence and that the defendant committed the offence with the necessary criminal intent.

- ♦ Set out the facts in chronological order, telling the story and covering the 'points to prove'
- ♦ The summary must be balanced and fair

Key evidence: A male Saleem AZIZ was stopped and dealt with on suspicion of driving with a proportion of a specified controlled drug in excess of the specified limit and driving whilst being unfit though drink or drugs.

On Sunday, 31 March 2024 at around 14:00 hrs a vehicle, a Renault Clio in black displaying registration DE05YZK was stopped leaving an illegal rave on the A303 in Andover

At 14:00 hrs, AZIZ was required to cooperate with a preliminary breath and drug test, pursuant to Section 6 of the Road Traffic Act 1988.

AZIZ provided a preliminary drug test which indicated a positive result for cannabis and as such he was arrested for driving with a proportion of a specified controlled drug in excess of the specified limit. Due to his demeanour and behaviour as well as the suspicion, he was driving whilst unfit though drink or drugs he was required to carry out a field impairment test. The results are shown below.

This test is a series of exercises that give an indication as to the level a driver may be impaired to drive.

Weather conditions were fine and dry with a flat tarmac area suitable for the test and AZIZ was wearing shoes.

He appeared nervous when stopped and his hands were shaking. The first test is a pupil exam. A gauge is held to the side of the face of the subject and a comparison on the pupil size is taken. Both of AZIZ' pupils measured 2mm and his eyes were watery.

I then conducted a field impairment test [REDACTED] between the approximate times of 14:07 and 14:23 hours. The results of this showed a level of impairment.

The tests were conducted and all the results were recorded on the MGGD/F form at the time. The results were as follows:

PUPILLARY EXAMINATION

The left eye was 2 mm and the right eye was 2 mm. The normal accepted range is 3.0 to 6.5mm.

AZIZ had watery eye. His pupils were constricted now, the opposite of when initially stopped but very small and pinpoint in description. Although daylight the area is not very bright and I would not expect his pupils to be so small, unless under the influence.

MODIFIED ROMBERG BALANCE TEST

During this test the subject is required to stand still with his hands by his sides. The subject has to tilt his head back and close his eyes, then tell the officer when they feel that 30 seconds has passed. The subject is asked not to start the test until told to do so. The normal accepted range for this test is 25 – 35 seconds.

AZIZ believed that 30 seconds had passed after 24.2 seconds, and when asked "How long was that?" replied "30 SECONDS".

The signs of impairment displayed [REDACTED] were that he was overly quick at 24.2 seconds and also eyelid tremors were present during the test when his head was tilted back and his eyes closed.

WALK AND TURN TEST

During this test the subject is asked to walk heel to toe along a line for nine steps, perform a 180 degree turn then walk back a further nine steps. The subject must keep their arms by their sides and look down at their feet throughout, counting each step out loud.

AZIZ was unable to balance easily and swayed whilst being given

His initial step count was wrong. He wobbled and stepped on his first and second steps and was very unsteady though out the test raising his arms at steps 4 and 5 and again on the return leg after his turn. He also did not manage to get his heel and toes together when stepping. He then wobbled off the line from steps 3-8 after the turn. The turn was carried out in one step spin and his foot wasn't straight and was unsteady on his foot despite being given instructions and shown the test.

There were clear signs of impairment due to his poor balance and inability to listen to and carry out the instructions given.

ONE LEG STAND TEST

During this test the subject is required to stand on one leg with the other raised 6-8" off the ground. The subject must look at the raised foot and count in the following manner, "One thousand and one, one thousand and two.... and so on". The subject then repeats the test on the other foot.

AZIZ counted incorrectly during this test counting one one thousand etc. He had very shaky legs throughout the test and his foot was not held steady or horizontal to the ground and he did not raise either foot high enough and it was only around 3inches off of the ground on both occasions. Again he has failed to listen to and comply with the instructions given

Finger to Nose Test

During this test the subject is required to stand still, with his feet together and his hands and index finger outstretched in front of him, palm up. The subject is requested to close his

eyes, tilt his head back and at the officers' direction raise the correct index finger to his nose and return it back to the rest position.

AZIZ was able to balance during the instructions with a slight wobble. He managed to use the correct hand for each test but did not manage to use the tip of his finger on any of the tests and was swaying throughout. On the 3rd attempt he used his whole finger across his nose totally missing the tip. This again showed a level of impairment.

He was further arrested suspicion of driving whilst over unfit though drink or drugs. I cautioned him to which he made no reply.

In his possession he had a pot which was labelled as medicinal cannabis Flos by a company Big Narstie Medical. The pot had expired on the 13th March 2024 which obviously was before this stop check. This had been issued originally on the 29th January 2024 by a pharmacy [REDACTED]. This is shown as having a THC of less than 1%

AZIZ was transported to the Northern Police Investigation Centre custody where the evidential blood procedure pursuant to Section 7 of the Road Traffic Act 1988 was completed by PC [REDACTED].

It is obviously for AZIZ to show he has complied with and has a perscription that would allow him to use the cannabis and the items used were the same as perscribed. He however was shown to be impaired by his manner and the Field impairment tests carried out contrary to section 4.

Key witness(es) and their role (e.g. eye witness, person providing identity) Please list your witnesses in the order you want them to appear on the MG09 Witness List (which will be created by CJU): PC [REDACTED] - FIT test, drug wipe and arrest

PC [REDACTED] - Blood procedure and seizing cannabis pot

State value of property stolen or damaged (or recovered). See Sec 9 for recording compensation details):

2. Defendant Interview

- ◆ Set out the explanation given by defendant as to **how/why offence happened**: include any mitigation/remorse put forward.
- ◆ Note any **Special Warnings** given.
- ◆ State if no comment made.
- ◆ Attach copy of CCTV if shown in the interview **(to file)**.

a) Defendant: AZIZ, SALEEM

Date: .././20.. Start time: End time:

Interviewing officer: [Insert name]

Other person(s) present: [Insert name(s) and role(s)]

Summary of defendant explanation: [Insert text]

Defendant's response/reaction to CCTV (if 'key evidence' and shown in I/V): [Insert text]

Relevant admissions and their start/finish counter reference times: [Insert text]

- 3. Non Key Evidence** – list witnesses present but not 'key'. State what evidence they contribute e.g. additional eye witness, arresting officer, charging officer; officer seizing CCTV. Record dates to avoid on MG10.

Name of non-key witness(es) and their role:

- 4. Visually Recorded Evidence** – BWV, CCTV, photos, mobile phone(s). Attach a copy (*identify playback format*). Custody suite CCTV should be included as unused material unless 'key evidence'.

Is there VRE? Yes If 'Yes', does it provide 'key evidence? Yes

Give details of what it shows (whether 'key' or not) and include relevant times for key sections (*i.e. defendant punching victim/kicking window*) BWV of procedures both bloods and FIT test.

- 5. Injuries** – a medical statement is **NOT** required unless needed to interpret x-rays or describe injuries not visible to the naked eye. Victim(s)/eye witness/police officer should **describe any visible injuries**, photos should be taken and attached (if not taken. attached, state why).

Description of injuries:

- 6. Forensic Evidence** – fingerprints, drugs evidence (weight, number of wraps, etc.). Include details such as street value and purity as this is essential for sentencing information. State if drugs field tested and by whom. State timescales for a full forensic statement (if required).

- 7. DIP TESTING** – Attach DT2 for prosecutor

Defendant: AZIZ, SALEEM

Tested? --Select-- Trigger off.: ☐ Result: (pos/neg) - select - Drug: - select -

- 8. Application for Order(s) on Conviction** – consider applying for an order on conviction, e.g. compensation, forfeiture/destruction (see order list).
Full requirements of the order(s) to be detailed and submitted on MG06 at section 10.

Defendant: AZIZ, SALEEM

Order(s) applied for:

Application for Compensation – state if an estimate. Attach quotes/receipts if available. An address for compensation must be provided on MG6. (If more than one victim/defendant, list one after the other and give details in the description box).

Defendant:

Description of injury/loss and or damage:

Amount of compensation applied for:

Victim:

Has an MG19 been sent to victim?:

9. Other: MG18(TICs)? ☐

Pre-cons/cautions attached? ☐

MG6? ☐

10. Common Law Disclosure Requirement:

☐ SDC completed in NGAP Summary case

☒ In accordance with Common Law I certify to the best of my knowledge and belief that there is no relevant unused material that might reasonably assist the defence with the early preparation of their case or at a bail hearing.

☐ I have anticipated a guilty plea in this case, but have the following non-sensitive material which needs to be brought to the prosecutor's attention as I believe it may assist the defence with the early preparation of their case or at a bail hearing. (list below describing material and why you believe it needs revealing to the defence)

Signed by name: Rank and Collar no: PC

Date and time: 24/08/2024 00:00

11. Supervisor's certification: The information in parts 1 – 9 is an accurate summary of the available evidence and complies with the DPP's guidance for a Streamlined Process. The file has been built to the required standard.

Signed by name: PS Rank and Collar no: PS

Date and time: 24/08/2024 16:58

YOU MUST ALWAYS COMPLETE CONDITIONAL CAUTIONING SECTION BELOW

YOU MAY NEED TO SCROLL DOWN

Defendant: **AZIZ, SALEEM** (if more than one defendant, use additional page)

Not suitable for conditional caution because Offence not in Annex A (see DPP guidance)
OR

Suitable for conditional caution because custody officer is satisfied:

- ♦ There is sufficient evidence to charge the offence and defendant has not denied the offence or raised a defence, and
 - ♦ Conditions are capable of rehabilitating the offender or for making reparations for the offence, and
 - ♦ Both the circumstances of the offence and the offender make it appropriate to offer a conditional caution, and
- The offence is one for which a conditional caution can be offered (see Annex A, DPP's Guidance)

Proposed conditions:		
Condition	Compliance requirements including completion/progress check dates	Supporting evidence

Evidence Type Supporting / Technical Information

DRUGS

The sample was analysed using method **TOX0051** for 6-MAM (6-monoacetylmorphine), amphetamine, benzoylecgonine, clonazepam, cocaine, diazepam, flunitrazepam, ketamine, lorazepam, LSD (lysergic acid diethylamide), MDMA (methylenedioxymethamphetamine), methamphetamine (N-methylamphetamine), methadone, morphine, oxazepam and temazepam.

The sample was analysed using method **TOX0024** for cannabinoids (delta-9-tetrahydrocannabinol (THC, the main active constituent of cannabis), carboxy-THC, hydroxy-THC, cannabidiol and cannabidiol).

All listed analytes were validated in the method/s using certified reference material (CRM) as named; however, the possibility of closely related substances being present in the sample cannot be completely excluded.

All drug results reported in pursuance of Section 5A include an allowance for analytical variation according to direction from the Forensic Science Regulator contained in the Code of Practice (version 1).

Range of Opinion Declaration

The analytical findings reported in this Streamlined Forensic Report are statements of fact. The comments are based on the interpretation of these analytical findings and are matters of opinion. However, evaluation of forensic evidence such as this is supported by study and experience, applying specialist knowledge and skills to forge reliable opinions and interpretations, which are subjected to peer review (as defined within the organisation's Quality Management System) before final reporting. The decision-making process may be supported and evidenced through the use of working notes.

Accreditation Declaration

Cellmark is a UKAS accredited laboratory - ISO 17025 accreditation [testing laboratory number 2045]. All results are UKAS accredited.

Declaration of Compliance with the Code of Practice published by the Statutory Forensic Science Regulator

This report includes reference to the following Forensic Science Activities (FSA) as defined by the statutory Forensic Science Regulator's Code of Practice: FSA-DTN 101 – Toxicology: analysis for drugs and/or alcohol under the Road Traffic Act 1988, Transport and Works Act 1992, and Railways and Transport Safety Act 2003 and FSA-DTN 102 – Toxicology: analysis for drugs in relation to s5A of the Road Traffic Act 1988.

I confirm that, to the best of my knowledge and belief, I have complied with the Code of Practice (version 1) published by the statutory Forensic Science Regulator.

SFR Further Information

Please refer to the supplementary technical notes for Road Traffic Toxicology located at the following link [REDACTED] as this may provide generic information sought by the defence without the need to produce an MG22C.

Case management – To the court and to the defence

The prosecution propose to rely on the forensic evidence contained in this SFR and if there is a trial, to adduce it by way of a s10 CJA 1967 admission to the general effect that the exhibit(s) listed were forensically examined and the examination produced the result(s) described. Therefore should there be a real issue in relation to this forensic evidence, such that the admission cannot be made, the prosecution ask that the defence identify the issue (Crim.PR.3.3 and Crim.PR 19.3(2)).

If this report contains expert evidence, then, in accordance with CPR 19.3(2), the defence is required to serve a response to this report as soon as practicable, and in any event not more than 10 business days after service of the report setting out which, if any of the conclusions in this report are admitted as fact, and where a conclusion is not admitted what are the disputed issues concerning that conclusion.

This SFR is not a witness statement to which the provisions of s9 CJA 1967 and Crim.PR 16 apply, nor is it an expert's report to which the provisions of Crim. PR 19.4 apply, its purpose being to introduce any expert evidence contained therein as admitted fact. If this SFR contains expert opinion, it is a summary of that opinion served pursuant to Crim. PR 19.3(1).

SFRs assist courts to fulfil their duty to actively manage the case (Crim.PR 3.1) by ensuring that evidence is presented in the shortest and clearest way and by facilitating the early identification of the real issues. (Crim.PR 3.2). Each party must actively assist the court in fulfilling its duty (Crim.PR 3.3).

Additional information / Evidence Type Technical Information:			
Please note the above list of exhibits relates only to exhibits submitted for examination and are relevant to my area of expertise and / or to the findings set out in the Results/Findings section of this report. The list was accurate at the time this report was generated. All exhibits will not necessarily be listed here. Should a comprehensive list of exhibits be required, please contact the Investigating Officer. The prosecution will not ordinarily undertake further forensic analysis unless and until the exact issue that such analysis needs to address has been identified; and only if, in light of that issue, it is appropriate that the next stage of analysis should be undertaken by a prosecution rather than a defence expert. If appropriate a direction under Crim.PR 3.5(2)(h) as to the order in which the expert issues should be determined may be sought. Important: Where real issue(s) are identified and if additional forensic work is necessary, please notify the agreed Force contact in writing, listing the issue(s) to be further addressed. Delivery dates for additional forensic work to be agreed on a case by case basis.

PRELIMINARY IMPAIRMENT TEST

Sections 4 & 6B RTA 1988

Form MG DD/F
Ver 6.0 March 2016

CASE REFERENCE

F1 INTRODUCTION AND GENERAL GUIDANCE

This form is for use by authorised police officers during the application of a Preliminary Impairment Test on a subject who has been required to cooperate. Where a test is abandoned the reasons should be recorded. If the questions are read from a card, the wording must be identical to those used in this form and the card must remain available for production at court. A record of any medical condition or disability claimed at any time during the tests, and a record of any response or gesture made to any question or at any other time, must be recorded. Any ancillary pupil gauge used must be retained for production at court if required.

F2 RELEVANT DETAILS OF PRELIMINARY IMPAIRMENT TEST

DATE	31/03/24	TIME TEST COMMENCED	1407
LOCATION OF TEST	Andrews		
WEATHER CONDITIONS	*FINE / RAIN / SNOW / WIND	TYPE OF SURFACE USED (Indicate Wet/Dry)	Tarmac
TYPE of FOOT-WEAR WORN	Shoes	LIGHT CONDITIONS	Daylight
NAME	AZIZ, Saleem		
ADDRESS			
DATE OF BIRTH	25/06/99	MALE / FEMALE	OFFICER DEFINED ID CODE
ARRESTING OFFICER	PC		ID CODE 16 + 1
PIT OFFICER	PC		

F3 REASON FOR TEST and DEMEANOUR

COLLISION / MOVING TRAFFIC OFFENCE / SUSPICION OF ALCOHOL / DRUGS IN BODY *	
DEMEANOUR	Very Nervous shaking hands

* Delete as applicable

F4 PUPILARY EXAMINATION

"I am going to examine the size of your pupils, comparing them to this gauge, which I will hold up to the side of your face. All I require you to do is look straight ahead and keep your eyes open wide".

"Do you understand?" *YES / ~~NO~~ "Are you wearing Contact Lenses?" *YES / NO

PUPIL SIZE LEFT	2 mm	WATERY		*YES / NO
PUPIL SIZE RIGHT	2 mm	REDDENING		*YES / NO

Additional Comments

.....

.....

F5 MODIFIED ROMBERG BALANCE TEST

"Stand up straight with your heels and toes together and your arms down by your sides. Maintain that position while I give you the remaining instructions. Do not begin until I tell you. When I tell you, tilt your head back slightly, close your eyes (**demonstrate but do not close your eyes**). When you think 30 seconds has passed, bring your head forward, open your eyes and say 'Stop'".

"Do you understand?" *YES / ~~NO~~

"Do you have any disability or medical condition that prevents you from participating in this test?"

REPLY

ABLE TO BALANCE DURING INSTRUCTIONS Yes *YES / NO

IF NO STEPS SWAYS RAISES ARMS

"Tilt your head back, close your eyes and start" (begin timing on start)

"How long was that?" REPLY 30 sec ESTIMATES 30 SECONDS AT 24.2 SECONDS

EYES OPEN	HEAD FORWARD	STEPS	SWAYS	RAISED ARMS

F6 WALK AND TURN TEST (Identify a real or imaginary line. Do not use a kerb or anywhere the subject may fall)

"Place your left foot on the line. Place your right foot on the line in front of your left touching heel to toe (**demonstrate**) Put your arms down at your sides and keep them there throughout the test. Maintain that position while I give you the remaining instructions".

"Do you understand?" *YES / ~~NO~~

"When I say start, you must take nine heel to toe steps along the line. On each step the heel of the foot must be placed against the toe of the other foot (**demonstrate**). When the ninth step has been taken, you must leave the front foot on the line and turn around using a series of small steps with the other foot which I will demonstrate. After turning you must take another nine heel to toe steps along the line. During the test you must watch your feet at all times and count each step out loud. Once you start walking do not stop until you have completed the test". (**demonstrate complete test**)

"Do you understand?" *YES / ~~NO~~

"Do you have any disability or medical condition that prevents you from participating in this test?"

REPLY No just anxiety *YES / ~~NO~~

ABLE TO BALANCE DURING INSTRUCTIONS *Yes, but slowly* *YES / NO

IF NO: STEPS ☐ SWAYS ☐ RAISES ARMS ☐ STARTS TOO SOON ☐

COMPLIED WITH INSTRUCTIONS *YES / NO

IF NO:

Any deviation from the instructions should be indicated as below and on the diagram above

STOPS WALKING ☐ S MISS HEEL/TOE ☐ M RAISES ARMS ☐ A STEPS OFF LINE ☐ ↗

CORRECT TURN *YES / NO IF NO: STATE REASON *Didn't one step spin and...*
unsteady on feet. Changed walk and turn. Feet not straight

CORRECT STEP COUNT *YES / NO COUNTS OUT LOUD *YES / NO

IF NO: TO TURN ☐ FROM TURN ☐

Additional Comments:

Carried out one quick step turn and unsteady right with ad turn feet not properly heel to toe

F7 ONE LEG STAND TEST

"Stand with your feet together and your arms down by your sides (**demonstrate**). Maintain that position while I give you the remaining instructions. Do not begin until I tell you."

"Do you understand?" *understand* *YES/NO

"When I tell you to you must raise your right foot 6 to 8 inches (or 15 to 20 cms) off the ground, keeping your leg straight and your toes pointing forward, with your foot parallel to the ground (**demonstrate**). You must keep your arms down by your sides and keep looking at your raised foot while counting out loud in the following manner, 'one thousand and one, one thousand and two, one thousand and three' and so on until I tell you to stop."

"Do you understand?" *YES/NO

"Do you have any disability or medical condition that prevents you from participating in this test?"

REPLY *other than anxiety*

Repeat procedure with each foot Before allowing the subject to move onto the left foot, check that the instructions are still understood. If not, repeat the instructions and record that they were re-given.

F

ABLE TO BALANCE DURING INSTRUCTIONS *Yes* *YES / ~~NO~~

IF NO: STEPS ☐ SWAYS ☐ RAISES ARMS ☐

COMPLIES WITH INSTRUCTIONS *YES / NO

IF NO:

LEFT LEG	SWAYS	HOPS	PUTS FOOT DOWN	RAISES ARMS
Number of times	☐	☐	☐	☐
RIGHT LEG	SWAYS	HOPS	PUTS FOOT DOWN	RAISES ARMS
Number of times	☐	☐	☐	☐

COUNTED CORRECTLY *On one hand etc* *YES / NO

Additional Comments:
Shaky legs and feet not horizontal to the ground

F8 FINGER AND NOSE TEST

"Stand with your feet together and your arms in this position. (demonstrate arms down by your sides in front of the body, palms facing forward and closed with the index finger of both hands extended). Maintain that position while I give you the remaining instructions. Do not begin until I tell you. When I tell you, you must tilt your head back slightly and close your eyes. (demonstrate) When I tell you which hand to move, you must touch the tip of your nose with the tip of that finger and lower your hand once you have done so (demonstrate).

"Do you understand?" *YES / ~~NO~~

"Do you have any disability or medical condition that prevents you from participating in this test?"

REPLY *Other (Anxiety)*
 "Tilt your head back and close your eyes"

Call out the commands in the following order, "left, right, left, right, right, left".

	1	2	3
CORRECT HAND USE	*YES/NO	*YES/NO	*YES/NO
	4	5	6
	*YES/NO	*YES/NO	*YES/NO

ABLE TO BALANCE DURING TEST *YES / ~~NO~~

IF NO: STEPS ☐ SWAYS ☒ RAISES ARMS ☐

Missed tip of nose on every occasion

DRUG SPECIMEN
INFORMATION FORM

E4

GENERAL GUIDANCE

- (i) Any interview of a suspect to obtain information for the completion of this form must be conducted in accordance with the provisions of the Police and Criminal Evidence Act 1984.
- (ii) Because of the large number of drugs affecting behaviour or driving performance, their low concentration in body fluids and the limited volume of the specimen obtained from a living subject, it is important that as much information as possible is provided to the laboratory concerning symptoms, behaviour and case circumstances.
- (iii) If the offer of part of a specimen is declined by the accused, **both** parts should be forwarded to the laboratory.
- (iv) Solvent abuse cases, e.g. toluene or butane, should be treated similar to those taken for sec 5A purposes and be refrigerated as soon as possible and transported in a chilled condition.
- (v) In aviation cases, the outside of the tamper-evident bag submitted for analysis should be clearly marked 'AVIATION CASE'.

MANNER OF THE SUBJECT

It is useful to note the subject's manner including speech, demeanour, intoxication / drunkenness etc. and changes in condition while being investigated. This is useful in back calculations and technical defence cases. See note A30.

*YES / NO

These boxes are not provided to record the subject's reply but to assist the investigating officer to navigate the form. A separate place is provided to record the actual reply made.

* Circle or delete as applicable

DRINK / DRUGS
PROCEDURE GENERAL - PART A
(FOR HOSPITAL CASES—USE FORM MG DD/C)

A5

GENERAL NOTES

- (i) Unless directed elsewhere the sections of this form should be followed sequentially. Each question put to the subject is provided with a place for recording the answer given. The YES / NO boxes are not provided to record the subject's reply but to assist the investigating officer to navigate the form.
- (ii) Form MGDD A may be used to conduct an evidential procedure at a police station or, with the exception of a hospital (use Form MGDD C), elsewhere (but only on next generation devices). Where a procedure begins elsewhere and the process directs the officer to Form MGDD B, the investigation will be continued at a police station where the process of obtaining blood or urine will be conducted since blood and or urine can only be required at a police station (or hospital).
- (iii) Italicised text should be read out verbatim, however, the forms are only a 'plain man's guide' [REDACTED]
Failure to comply is not fatal, provided the law has been complied with.
- (iv) Advice on the MG DD process can be obtained through the NPCC National Police Liaison Officer at DfT.
- (v) This form cannot cater for all eventualities. Circumstances that are not covered should be recorded at A24 together with any additional particulars or notes.
- (vi) Throughout this form the following abbreviations apply:
- | | |
|---|---|
| TWA - Transport and Works Act 1992 | PACE - Police and Criminal Evidence Act 1984 |
| RTA - Road Traffic Act 1988 | R&TSA - Railway and Transport Safety Act 2003 |
| RTOA - Road Traffic Offenders Act 1988 | EBTI - Evidential Breath Testing Instrument |
| HCP - (Registered) Health Care Professional | Dr or Doctor - Medical Practitioner |
- (vii) If the subject makes any solicited or unsolicited comments **outside the framework of this document** which might be relevant to the offence, they must be recorded at A24 by the person witnessing them and the entry timed and signed. Where practicable the subject shall be given the opportunity to read that record and to sign it as correct or to indicate the respects in which the person considers it inaccurate. When subjects agree to do so, they should be asked to endorse the record with words such as 'I agree that this is a correct record of what was said' and add their signature. When a subject does not agree with the record, the officer should record the details of any disagreement and then ask the subject to read these details and then sign them to the effect that they accurately reflect the disagreement. Any refusal to sign shall also be recorded (PACE CoP C11.13 and Note for Guidance C11E).
- (viii) When considering interview, account should be taken of the provisions of PACE Code of Practice C12.3 regarding the interview of those under the influence of drink / drugs.
- (ix) In cases involving a person aged 17 years or under, the young person may consent to the provision of breath, blood or urine specimens without the need for parental or other approval. The officer must be satisfied, as they would with any consent, that the young person has the necessary mental capacity. The prosecution need not be delayed until an Appropriate Adult attends since the procedure does not constitute an interview for the purposes of PACE.
- (x) Where there are changes in the offences being investigated, i.e. a change from excess alcohol (sec 5) to driving whilst unfit through drink or drugs (sec 4) care should be taken to ensure that the subject is informed of the change. Failure to inform the subject of the change may cause proceedings to fail.
- (xi) Where a subject fails to provide a specimen for analysis without reasonable excuse but is clearly 'impaired', a charge contrary to sec 4 could be considered in addition to that of failure to provide. This would enable the full facts to be presented to the court which might otherwise be prevented in a simple case of 'failure'.
- (xii) If considering an alcohol or drug Technical Defence Enquiry (Post Incident Consumption allegation) the subject should be interviewed, at the end of the specimen process, when fit to do so in accordance with PACE. Alcohol investigations - complete Form **MG DD/D** and submit to force forensic provider. Drugs - record any interview, the purpose of which is to ascertain the veracity of the consumption claimed. (See Note at A30 on definitions of alcohol Technical Defence Enquiries and Back Calculations)
- (xiii) **Excess Alcohol (sec 5) Excess Specified Drugs (sec 5A) & Driving etc. Whilst Unfit (sec 4) cases**
Proceedings for excess alcohol contrary to sec 5 and excess specified drugs sec 5A may only be undertaken if the vehicle is a 'motor vehicle' and the alcohol or drug concentration is in excess of the statutory limit. Proceedings for Driving Whilst Impaired through Drink or Drugs may be undertaken if the vehicle concerned is any mechanically propelled vehicle (which includes any 'motor vehicle') and the impairment is caused by some drug and/or by alcohol, irrespective of whether the alcohol or drug concentration is above or below the statutory limit. It is therefore essential to note that if the vehicle concerned is a mechanically propelled vehicle that is NOT also a motor vehicle, the appropriate charge will be one of driving etc. whilst unfit through drink or drugs contrary to section 4 provided that, in addition to the evidence of alcohol or drug, there is also sufficient evidence of impairment to drive.

*YES / NO

These boxes are not provided to record the subject's reply but to assist the investigating officer to navigate the form. A separate place is provided to record the actual reply made.

* Circle or delete as applicable

DRINK / DRUGS
PROCEDURE GENERAL - PART A
(FOR HOSPITAL CASES—USE FORM MG DD/C)

A**A6****INITIAL PROCEDURE**

Where a person is to be investigated for offences contrary to more than one of the Acts below, each Paragraph, as appropriate, will be read before moving to Para. A7.

Road Traffic Offences

Contrary to the Road Traffic Act 1988

~~GO TO A7~~**Guided Transport Offences (Railways and Trams)**

Contrary to the Transport and Works Act 1992

GO TO A26

Shipping and Marine Offences

Contrary to Railways and Transport Safety Act 2003

GO TO A27

Aviation Offences

Contrary to Railways and Transport Safety Act 2003

GO TO A28

A7**ROAD TRAFFIC OFFENCES**

If investigating an 'in charge' offence consider interview under PACE at the end when the subject is fit to be interviewed, to negate the statutory defence that there was no likelihood of driving.

Where the subject is being investigated for any or all offences contrary to sec 4 and/or sec 5 and/or sec 5A of the Act, ensure all relevant elements are read.

Tick relevant boxes and read out relevant text:

"You are under investigation because you are suspected of

☒	<i>driving</i>
☐	<i>attempting to drive</i>
☐	<i>being in charge of</i>

a motor vehicle on a road or public place whilst over the prescribed alcohol limit
[Sections 5 or 3A(1)(b)&(c) RTA 1988] (Excess Alcohol)

and / or

☒ *a motor vehicle on a road or public place whilst over a specified drug limit*
[Sections 5A or 3A(1)(ba) & (c) RTA 1988] (Excess Specified Drugs)

and / or

☒ *a mechanically propelled vehicle on a road or public place whilst unfit to do so through drink or drugs*
[Sections 4 or 3A(1)(a) RTA 1988] (Impairment)

~~GO TO A8~~***YES / NO**

These boxes are not provided to record the subject's reply but to assist the investigating officer to navigate the form. A separate place is provided to record the actual reply made. 3

* Circle or delete as applicable

DRINK / DRUGS
PROCEDURE GENERAL - PART A
(FOR HOSPITAL CASES—USE FORM MG DD/C)

A8

POST INCIDENT CONSUMPTION

Read titles, tick ✓ to note that it has been read and note any answer: (Leave answer box blank if nothing is said or write 'No Reply')

"Have you, since the time of the alleged offence, consumed or used any of the following things, and if so what?"

alcohol or other drink?	✓
mouth spray?	✓
mouthwash?	✓
any drug or medication?	✓
eaten anything?	✓
inhaled anything?	✓
taken anything?	✓

If any answer reveals consumption which may affect the procedure, questioning should only be in accordance with the PACE. If considering an alcohol or drug Technical Defence Enquiry (Post Incident Consumption) the subject should be interviewed, at the end of the specimen process, when fit to do so to complete Form MG DD/D (See A30).

A9

CHOICE OF ROUTEGO TO ~~A9~~ A10

- a) If the subject is being investigated for an offence concerning drink only or concerning drink and drugs under Section 3A, 4, 5 or 5A of the RTA 1988 (or other relevant Acts for other modes of transport).

GO TO A10

NB Where an offence of driving whilst unfit (Sec 4 or 3A RTA) through drink only is being investigated, the evidence of alcohol will in all cases be obtained via the route at a) above (there is no entitlement to go direct to blood or urine in impairment cases involving alcohol) and there is no statutory reason for a Dr or HCP to be involved in the investigation, apart from the possibility of taking a blood specimen should that become necessary. Nevertheless it will be for investigating officers to consider, especially in cases where the evidence of impairment is not over-whelming, whether the attendance of a doctor or Healthcare Professional (a doctor is strongly recommended), to establish if the observed impairment could have any other medical explanation, will be of benefit. Where this is considered to be the case the Dr or HCP should be called, the facts recorded in additional notes at A24 and any opinion expressed by the Dr or HCP taken into account when considering possible charges. It might also be useful to record any comment or observation the Dr or HCP may have concerning the person's condition to drive.

Where drink and or drugs is being investigated, evidence of alcohol will be obtained as above and at the conclusion of the alcohol investigation the officer should go to form MG DD/B to commence the drugs investigation as indicated.

- b) If the subject is being investigated for Excess Specified Drugs (sec 5A RTA 1988 or impairment through drugs only (sec 4 RTA 1988) [or other relevant Acts for other modes of transport], and a breath specimen to determine the presence of alcohol is not to be required, GO TO MG DD/B1(b) to B14 and conduct a preliminary drug test at B16 if not already conducted, or call a doctor or health care professional if not already in attendance.

(Selecting this route will prevent any alcohol investigation - unless for some reason at the completion of the Drug Investigation the officer re-enters the breath procedure at A10)

GO TO MG DD/B1(b)

* YES / NO

These boxes are not provided to record the subject's reply but to assist the investigating officer to navigate the form. A separate place is provided to record the actual reply made.

* Circle or delete as applicable

DRINK / DRUGS
PROCEDURE GENERAL - PART A
(FOR HOSPITAL CASES—USE FORM MG DD/C)

A

A21

CASE DISPOSAL

Case disposal should only be considered once all procedures, inc. drugs and impairment have been considered.

a) If **all** procedures complete as appropriate - (see b) below)

***(i) Charge / Report - *Excess Alcohol / Excess Specified Drugs / Driving etc. Whilst Unfit (Impairment) / Failure To Provide**

***(ii) Bail / Release under investigation not on bail**

***(iii) No Further Action**

GO TO ~~A25~~

b) If, on completion of all parts of the alcohol investigation, drug driving offences remain to be investigated, the officer should GO TO B14 and complete the drug investigation before returning to the alcohol investigation as directed.

GO TO MG DD/B14

OR

If, in the rare circumstances referred to in the note at MG DD/B19(a), the subject has already been examined by the doctor or health care professional for the purposes of sec 4 RTA or has provided a positive preliminary drug test, and it was then necessary to begin and complete an alcohol investigation before investigating any drug offences.

Ensure offence pointed out and **GO TO A10**

A22

DETENTION

Where a subject has been required to provide a specimen (under the RTA or TWA or R&TSA) the subject may be further detained (or arrested and detained if the breath procedure was conducted elsewhere than a police station or hospital) until it appears to a constable that, were that subject then engaged in the same or an allied activity as when they were arrested, they would not be committing a further similar offence contrary to the same Act. These powers do not exist where there is no reasonable suspicion of such offences being committed or where the suspicion no longer remains.¹

If there is any question of a subject's ability to drive being affected through drugs, a doctor (**not a HCP**) must be consulted and that advice acted upon.¹

STATION PROCEDURE**

**SPECIMENS / IMPAIRMENT
SUPPLEMENT**

B

DRINK / DRUGS
PROCEDURE GENERAL (POLICE STATION ONLY) PART B
USE WITH FORM MG DD/A

Form MG DD/B
Ver 8.5 Nov 2017

B1**SUBJECT****SURNAME** **A212**Forename **JALEEM** -**PROCEDURES AVAILABLE**

These procedures may **ONLY** be
conducted at a police station (or at
a hospital using Form MGDD C)

The following procedures are available:

- (a) Excess Alcohol / Impairment through drink / drink or drugs
Breath testing device not used / not operating reliably **GO TO B2(a)**
Medical reason believed **GO TO B2(b)**
Unreliable indication obtained **GO TO B2(c)**

(b) Excess Specified Drugs / Impairment through Drugs (only) **~~GO TO B14~~**

(i) Throughout this form the following abbreviations apply:

- PACE - Police and Criminal Evidence Act 1984 RTA - Road Traffic Act 1988
RTOA - Road Traffic Offenders Act 1988 EBTI - Evidential Breath Testing Instrument
HCP - (Registered) Health Care Professional Dr or Doctor - Medical Practitioner

(ii) Officers should remember that throughout the Blood Urine process they have a very wide discretion as to whether to require a specimen of blood or specimens of urine. Whilst it will be usual, unless there are medical reasons, to require blood, officers must be seen to be acting reasonably in making their decisions. If subjects give a reasonable explanation as to why they should not provide blood (for example a religious conviction that blood should not be taken), the officer should consider whether a requirement for specimens of urine instead is appropriate. **NB For analytical reasons the choice of urine is not available where the offence being investigated is Excess Specified Drugs contrary to sec 5A RTA.**

(iii) The Police Reform Act 2002 and the Deregulation Act 2015 make provision for blood specimens taken under sec 7 and 7A RTA, to be taken by HCPs (Registered Nurses and Registered Paramedics). Like medical practitioners, HCPs must consider the subject to be fit to provide the specimen AND they must not be aware of any contrary opinion from a medical practitioner.

(iv) Sec 7 RTA provides the statutory reasons for moving from one type of specimen to another and these are strictly set down. However, it may be useful to note that in respect of blood specifically, an officer having required blood may have a change of mind and require specimens of urine instead, e.g. an officer who has required blood only to find that a doctor or HCP cannot be obtained, may change his mind and require specimens of urine. An officer deciding such a course will need to note Form MG DD/B as appropriate and in Additional Notes at A24 and then re-enter the process at the appropriate place.

(v) Whilst the police are under no statutory obligation to do so, if subjects asks for their own doctor to be present during any medical examination or the taking of laboratory specimens, this request should be acceded to. However, it should be made clear that the procedures will not be delayed and that the subject's doctor will not be involved in the actual taking of any specimens or examination unless they and the doctor called by police happen to be one and the same. It should be made clear that the subject is responsible for the payment of any fees involved if their own doctor is called.

(vi) The procedures set out in Forms MG DD/A and B allow for cases of excess alcohol, excess specified drugs (Road Traffic only) and/or impairment through drink or drugs to be simultaneously investigated with, in most cases, a single specimen being obtained with the necessary consents for both provision and analysis.

(vii) In most impairment cases the prosecution evidence will include:

- a) evidence of witnesses (including police officers) about the driving / work behaviour of the defendant which may include the observations of a Preliminary Impairment Test administered by an authorised officer and a completed Form MG DD/F
- b) evidence from an EBTI (in drink cases) or from a forensic laboratory (in drug cases) that drink or a drug was present in the defendant's body. (In the case of a drug, this may be further supported by a forensic laboratory report that the drug was capable of affecting driving / work performance).

***YES / NO**

These boxes are **not** provided to record the subject's reply but to assist the investigating officer to navigate the form. A separate place is provided to record the actual reply made.

- Shake containers for at least 30 seconds and until the white preservatives adhering to the side of the vial dissolve. This prevents coagulation/bacterial action which could interfere with any alcohol analysis.
- Labels to be completed by the doctor or health care professional and officer and attached to the specimens in the presence of the subject
- Obtain Form HO/RT5 from doctor / health care professional
- A subject who accepts a specimen should be allowed to make his/her own choice which should then be placed in the container and tamper-evident bag provided and sealed.
- Unless force procedures direct otherwise, where a subject declines to accept a part of the specimen, it will be usual to send both parts, each in its own sealed tamper evident bag, together to the laboratory although only one part will be analysed.
- Supply subject with list of analysts and point out the printed warning on the tamper evident bag regarding storage and the reference to sec 5A if it applies. Not all of the listed analysts may be able to provide an analytical service for drug or lower limit aviation cases.
- **In the case of drugs analysis the laboratory will require, with the specimen, the particularly useful information contained within the Drugs Sample Information Form MG DD/E.**
- **Where the specimen analysis will include Excess Specified Drugs contrary to Sec 5A RTA, it should be refrigerated as soon as possible.**
- In Aviation or Shipping cases, the outside of the tamper evident bag submitted for analysis should be clearly marked 'AVIATION CASE' or 'SHIPPING CASE' as appropriate.

BAIL WITHOUT CHARGE**GO TO MG DD/A21****B14****EXCESS SPECIFIED DRUGS / UNFIT DRINK/DRUGS (IMPAIRMENT)**

- (i) **Excess Alcohol (sec 5) Excess Specified Drugs (sec 5A) & Driving etc. Whilst Unfit (sec 4) cases**
As with cases of excess alcohol, excess specified drugs (sec 5A) may only be undertaken if the vehicle is a 'motor vehicle' and the alcohol or drug concentration is in excess of the specified statutory limit.
Proceedings for Driving Whilst Impaired through Drink or Drugs may be undertaken if the vehicle concerned is any mechanically propelled vehicle (which includes any 'motor vehicle') and the impairment is caused by some drug (or by alcohol), irrespective of whether the drug (or alcohol) concentration is above or below the pertinent statutory limit. It is therefore essential to note that if the vehicle concerned is a mechanically propelled vehicle that is NOT also a motor vehicle, the appropriate charge will be one of driving etc. whilst unfit through drink or drugs contrary to section 4 provided that, in addition to the evidence of drug(s) alcohol or drug, there is also sufficient evidence of impairment to drive.
- (ii) Whilst there is a single statutory prescribed limit for excess alcohol, there are many and varied statutory specified limits for drugs. It is important to ensure that the drug(s) identified by analysis are properly identified as being above or below the relevant specified limit.
- (iii) In drug impairment cases (sec 4), where a choice exists, blood is generally a better medium for analysis than urine. However, Specified Drug Limits for the purpose of sec 5A RTA have only been set in blood. In such cases the forms guide the officer to a requirement for blood only. Where a subject is unable to provide a blood specimen the forms route the officer to a requirement for urine only where Impairment (sec 4) is also being investigated.
- (iv) Where an investigation is being conducted at a police station, a blood or urine specimen may only be required for drug analysis if, either the subject has provided a positive preliminary drug test on a device of a type approved for the purpose, or a doctor or health care professional has formed an opinion that the subject has a condition which might be due to some drug. In deciding, the doctor or HCP is entitled to rely, if necessary entirely, upon relevant information concerning earlier events, such as an admission by the defendant that he had smoked cannabis shortly before being stopped.

***YES / NO**

These boxes are not provided to record the subject's reply but to assist the investigating officer to navigate the form. A separate place is provided to record the actual reply made.

B

DRINK / DRUGS
PROCEDURE GENERAL (POLICE STATION ONLY) PART B
USE WITH FORM MG DD/A

Form MG DD/B
Ver 8.5 Nov 2017

- (v) Whilst an examination when required, will be carried out whenever possible, the officer and doctor / HCP should bear in mind that the Act does not require an 'examination' and, that in the event that a person refuses to be examined, it may still be possible for the doctor or HCP to form an opinion 'that the person has a condition which might be due to some drug' from observation alone e.g. from smell.
- (vi) It is not a part of this process to ask a doctor or HCP to give an opinion about impairment or 'unfitness to drive', nor is it a legal necessity. However, should a doctor or HCP offer an opinion about the person's condition to drive, it should be noted. Any doctor or HCP examining a person for this purpose should be clear to obtain the person's permission since this is not covered by the request at B18.
- (vii) For both Sec 4 and Sec 5A offences it is for the officer to decide whether to require a preliminary drug test or to ask a doctor or HCP to determine whether the person has a condition which might be due to some drug. An officer requiring a drug test which is then negative may nevertheless then call a doctor or HCP to determine the presence of a condition due to a drug or vice versa.
- (viii) Officers should note that Sec 5A(3)(4) and (5) RTA provide a statutory defence to any offence of excess specified drugs contrary to Sec 5A(1) and (2) RTA. It is for the subject to raise the defence and, if not raised elsewhere, opportunity to do so is provided at MG DD/B15. Such a defence is not available to the subject where the offence is one of driving etc whilst unfit through drugs contrary to Sec 4 RTA. Consequently, evidence of impairment should always be recorded and where this is the case and a claim to the statutory defence to a Sec 5A charge is made, it will be for the officer to decide which offence to pursue and to what degree to investigate the claim being made. Where there is no evidence of impairment and the charge can only be one of excess specified drugs, it will be essential to thoroughly enquire into the circumstances and accuracy of the claim. See note at B15 concerning PACE.

Refer to A7. Ensure that the subject has been correctly informed of which offences are being investigated. If necessary inform the subject of any change, note A7 and, as appropriate, A24.

OFFENCES TO BE INVESTIGATED

- a) **EXCESS SPECIFIED DRUGS ONLY** (sec 5A RTA) GO TO B15
(Motor vehicle only see note at B14(i))

- (b) **EXCESS SPECIFIED DRUGS** (sec 5A RTA)

AND

DRIVING ETC WHILST UNFIT THROUGH DRUGS (sec 4 RTA)

(Motor Vehicle only see note at B14(i))

~~GO TO B15~~

- c) **DRIVING WHILST UNFIT THROUGH DRUGS ONLY** (sec 4 RTA)
(Mechanically Propelled Veh that is not a motor vehicle (note B14(i))) GO TO B18

B15

MEDICAL DEFENCE (See B14 note (viii) above)

"You are being investigated for the offence of driving, attempting to drive, being in charge of a motor vehicle with a specified drug concentration in excess of the specified limit. Are you currently taking or using any drugs or medication prescribed or supplied to you for medicinal or dental purposes?"*

REPLY YES - CANABIS *YES / NO

If the answer alleges drug consumption which may provide a statutory defence to Excess Specified Drugs, no further questioning should be undertaken other than in accordance with the PACE. It will, however, be wise to interview the subject and investigate the claim thoroughly before any decision is made about charge / prosecution. The statutory defence is for the subject to raise and applies where a drug is being used in accordance with the prescriber's, supplier's or manufacturer's directions (sec 5A(3)(4)&(5)).

***YES / NO**

B16

PRELIMINARY DRUG TEST OR MEDICAL EXAMINATION (See notes at B15)

It is for the officer to decide whether to require a Preliminary Drug Test (if not already provided) or whether to seek the opinion of a doctor or health care professional that the person has a condition which might be due to some drug. NB A **PRELIMINARY DRUG TEST MAY ONLY BE REQUIRED OF A DRIVER OF A MOTOR VEHICLE. IF THE VEHICLE IS MECHANICALLY PROPELLED VEHICLE THAT IS NOT A MOTOR VEHICLE THE OFFICER MAY ONLY PROCEED TO A MEDICAL EXAMINATION AT B18.**

- a) If Preliminary Drug Test already administered with a positive result **GO TO B20**
- b) If Preliminary Drug Test **GO TO B17**
- c) If Medical Examination **GO TO B18**

B17

PRELIMINARY DRUG TEST

Only a device of a Type Approved for the purpose under the Road Traffic Act 1988 may be used to conduct a Preliminary Drug Test. **NOTE** - DDS devices which identify opiates and cocaine and which are used in custody areas under the Testing on Arrest (PACE) Drug Intervention Scheme may NOT be used for a Road Traffic Act test and any result obtained by so doing will not be valid for the purposes of sec 7(3)(bc) RTA.

Ensure that the subject has been told at A7, or subsequently (and recorded at A7 or in Additional Notes at A24), that he or she is under investigation for Excess Specified Drugs and / or for being Unfit to Drive through Drugs or through Drink or Drugs.

CONDUCT TEST IN ACCORDANCE WITH MANUFACTURERS INSTRUCTIONS, MAKING USE OF THE FIELDS BELOW AND ADDITIONAL NOTES AT A24 TO RECORD ANY EVIDENCE AND DETAIL.

DRINK / DRUGS
PROCEDURE GENERAL (POLICE STATION ONLY) PART B
USE WITH FORM MG DD/A

Form MG DD/B
Ver 8.5 Nov 2017

B19

RESULT OF EXAMINATION

See Notes at B14. If the Doctor / Health Care Professional is unable to advise that the person has a condition which might be due to some drug and a Preliminary Drug Test is either negative or not available and drugs only offence(s) are suspected, unless exceptionally there is sufficient evidence to prove the offence without specimen evidence, the procedure will almost certainly end since the officer has no specimen for drug analysis and will be unable to require one. However, if the cause of the impairment is now suspected to be alcohol and alcohol has not been previously investigated or specimens obtained, ensure that the person has been informed about the offence at A7 and GO TO MG DDA/A10 to commence an alcohol investigation.

- a) If the doctor or health care professional is of the opinion that the person has a condition which might be due to a drug

(In the very rare circumstance that the doctor or health care professional identifies alcohol as well as drugs, where alcohol has not already been identified by the officer and appropriate action taken and where the officer now wishes to investigate alcohol, the officer should ensure that the subject has been informed about the offence at A7 and go to MG DDA/A10 to begin an alcohol investigation before returning to this paragraph for whatever action is then necessary)

GO TO B20

- b) If the doctor or health care professional is not of the opinion that the person has a condition which might be due to some drug, any drugs investigation probably ends (see note above) because it will not be possible to require a blood or urine specimen for DRUG analysis.

- (i) If impairment through alcohol only or excess alcohol is now to be investigated (ensure note above is complied with) and

GO TO MG DD/A10

- (ii) In all other cases

NO FURTHER ACTION for drug impairment

(If Charge or Bail processes are outstanding in respect of any incomplete alcohol investigation, complete process before going to MG DD/A21)

GO TO MG DD/A21

Part 2: Prosecution

4. Case Management Information

4.1 Evidence

Does the prosecutor intend to serve more evidence?

No

4.2 Disclosure of unused prosecution material

Has the initial duty of disclosure of unused prosecution material been complied with?

No
28 days

4.3 Investigation

Are there any pending enquiries or lines of investigation?

No

4.4 Modern Slavery Act

Is there any suggestion that the defendant has been a victim of slavery or exploitation?

No

4.5 Prosecution case

The prosecution will rely on

The prosecution will rely on

4.6 Display equipment

Will the prosecutor need any equipment in the trial courtroom? (e.g. live link or other media player, etc.)

No

The prosecutor must make sure that any electronic media can be played in the courtroom.

4.7 Points of law

Does the prosecutor presently expect the case to involve a complex, novel or unusual point of law and/or fact?

No

5. Applications for directions

5.1 Prosecution witness requiring assistance, special measures, etc.

Are there any prosecution witness requirements that may make special measures, reasonable adjustments or other support appropriate?

No

5.2 Ground rules for questioning

Does the prosecutor want the court to arrange a discussion of ground rules for questioning? If an intermediary is appointed, the court must discuss ground rules with the intermediary and advocates. A discussion may be helpful in other cases.

No

5.3 Variation of standard directions

Does the prosecutor want the court to vary a standard trial preparation time limit or make any other direction?

No

Part 3: Defendant 1**SALEEM AZIZ, 25 Jun 1999****6. Advice on plea and absence**

6.1a Credit for guilty plea
Does the defendant understand that: they will receive credit for a guilty plea? Yes

A guilty plea may affect the sentence and any order for costs. If the defendant has not previously committed an offence the court may make a referral order in the event of a guilty plea.

6.1b Trial in absence
Does the defendant understand that the trial and sentencing, if convicted, can go ahead even if they do not attend? Yes
CrimPR rule 24.12

7. Partial or different guilty plea

7.1 Mixed pleas
If more than one offence is alleged, does the defendant want to plead guilty to any of them? No

7.2 Basis of plea
Does the defendant want to plead guilty, but not on the facts alleged? No

7.3 Different offence
Does the defendant want to plead guilty, but to a different offence? No

8. Case management

Initial details of the prosecution case should have been served: CrimPR rule 8.2. Questions 8.1, 8.2, 8.3 and 8.4 are to help the court find out what is in dispute and give appropriate directions for trial.

8.1a Presence
The defendant was present at the scene of the offence alleged Not disputed

8.1b Involvement
The defendant [carried out] [took part in] the conduct alleged] [drove the vehicle involved] Not disputed

8.1c injury / loss / damage
[Nature of injury] [extent of loss or damage] alleged by the prosecution Not disputed

8.1d Identification
The defendant was correctly identified Not disputed

8.1e Lawful arrest
The defendant was arrested lawfully Not disputed

8.1f Interview
The defendant's interview [summary] [record] is accurate Irrelevant in this case

8.1g Fingerprints /DNA
Fingerprint / DNA evidence Irrelevant in this case

8.1h Scientific evidence
[Medical] [identification of drug] [other scientific] prosecution evidence Not disputed

8.1i Alcohol /Drug testing procedure
The [alcohol] [drug] testing procedure was carried out correctly. Not disputed

8.1j disqualification / court order (e.g. restraining order)
The defendant was [disqualified from driving] [subject to the court order specified] at the time of the offence alleged Irrelevant in this case

8.1k Continuity
Exhibits and samples were collected and delivered as stated by the prosecution (i.e. continuity) Irrelevant in this case

8.1I Anticipated defence(s)

The defendant is likely to rely upon:

- It's confirmed there is no suggestion that defendant has been a victim of modern slavery.
- another statutory defence

8.2 Admissions

Can any facts which are not in dispute be recorded in a written admission?

Undisputed facts can be admitted by reference to a statement accepted in paragraph 8.1, e.g. "I admit 8.1(a) and (e)." Facts which are admitted are evidence: CrimPR rule 24.6 & Criminal Justice Act 1967, s.10.

No

8.3 Issues

What are the real issues in this case?

(a) Explain what particular facts are in dispute, if any, in addition to those identified in paragraph 8.1?

Re driving whilst unfit, the def states that he suffers from anxiety which impaired his ability to conduct the Field Impairment Test.
Re drug driving, the def states that he was prescribed medication which contains THC.

(b) Explain what matters of law are in dispute, if any?

8.4 Points of law

Does the defendant presently expect the case to involve a complex, novel or unusual point of law and / or fact?

No

8.5 Defence statement

Does the defendant presently intend to give a defence statement?

Giving a defence statement is voluntary, but if one is given it must include the information collected in paragraphs 8.1 and 8.3 and must include particulars of facts relied on by the defence.

No

8.6 Display equipment

What equipment (live link or other media player, etc.) will the defendant need in the trial courtroom?

The defendant must make sure that any electronic media can be played in the courtroom.

9. Applications for directions

9.1 Variation of standard directions

Does the defendant want the court to vary a standard trial preparation time limit or make any other direction?

No

9.2 Defendant or defence witness requiring assistance, special measures, etc.

Are there any defendant or defence witness requirements that may make special measures, reasonable adjustments or other support appropriate? If yes, give details in Part 4.

No

9.3 Ground rules for questioning

Does the defendant want the court to arrange a discussion of ground rules for questioning? If an intermediary is appointed, the court must discuss ground rules with the intermediary and advocates. A discussion may be helpful in other cases.

No

9.4 Trial in Wales

If the trial will take place in Wales, does the defendant wish to speak Welsh (whether the defendant is likely to give evidence or not)?
See also paragraphs 11, 12, 3 and 12.5.

No

Part 4: Witnesses

10. Prosecution witnesses

If this information changes, you must tell the court at once: CrimPR 1.2, 3.10

If the defendant is likely to give evidence, list him or her as the first expected defence witness. Special or other measures may include screens, evidence by live link or in private, video recorded evidence, intermediary, breaks in examination or other measures to accommodate disability. They may increase the time needed for the witness. In some cases, the defendant may not be allowed to cross-examine a prosecution witness.

Part 5: Record of court's decisions and directions for effective trial

12. Directions for trial

The court must actively manage the case by giving any direction appropriate to the needs of that case as early as possible: CrimPR rule 3.2(3). Complete or delete the following as appropriate.

12.1 Service of evidence

The Prosecutor must serve any further evidence by [Date]

12.2 Disclosure

If the initial duty of disclosure has not been complied with, the prosecutor must comply by 8 Oct 2024

12.3 Witness & evidence

Part 4 of this form indicates which witnesses are to give oral evidence, with time estimates, and which witnesses' evidence is to be read. The court expects evidence to be given as indicated in that Part. A party who wants to use electronic media, etc. must check before the trial that it can be played in the courtroom.
Trial in Wales. If the trial will take place in Wales, and if the defendant (whether they give evidence or not) or any witness, wishes to speak Welsh, then (i) a Welsh speaking judge / magistrates and legal adviser should be arranged if possible, and (ii) a Welsh language interpreter is required for anyone who does not speak Welsh.

12.4 Securing attendance CrimPR Part 17; rule 3.8(3).

[Witness Summons] [Warrant] [Other steps to secure attendance] ordered for [Case participant]

12.5 Interpretation ordered

[Language and dialect] interpretation ordered for [Case Participant] to be arranged by [Assignee].

12.6 Special measures, reasonable adjustments or other support

[Screens] [Live link] [Evidence given in private] [Breaks in examination] [Visually recorded interview] [Pre-trial pre-recorded cross examination or re examination] [Intermediary] [Aids to communication] [Other] ordered for [Case participant]

12.7 Prohibited cross-examination CrimPR Part 23

The defendant [Defendant] may not cross-examine the following witness(es) except through a lawyer: [Witness]
The following directions apply for as long as the defendant has no legal representative for the trial:
- the defendant to give notice of his/her appointment of a lawyer to cross-examine the witness(es) by: [Due date]
If the defendant gives no such notice by that date then
- [the court appoints the following lawyer to cross-examine the witness(es)] [the court directs the appointment for that purpose of a lawyer to be selected at a later date]

12.8 Directions for intermediary's report and ground rules

Directions for intermediary's report and ground rules

12.9 Standard trial preparation directions

Standard trial preparation directions

12.10 Other Directions

Def must serve an admissible expert/medical report confirming the drugs that he is prescribed and what they contain and a report that confirms that confirms how his anxiety would have affected his ability to perform the FIT. to be arranged by SALEEM AZIZ due by 3 Dec 2024

12.10 Other Directions

Crown to confirm if any admissible def expert report is agreed or not and whether the expert is required to attend or not to be arranged by Prosecution due by 14 Jan 2025

12.10 Other Directions

Def to confirm to the court whether he has instructed solicitors or not and who those solicitors are to be arranged by SALEEM AZIZ due by 3 Dec 2024

After the court gives directions for trial, if information about the case changes, or you think another direction is needed, you must tell the court and the other party or parties at once: CrimPR rules 1.2(1) & 3.12.

Arrangements for trial

Trial date: 7 Mar 2025

Trial time: 10:00

Trial venue: Aldershot Magistrates' Court

Custody time limit expires:

Court category:

Total estimated trial length: 02:00

Evidence and submissions: 01:30

Deliberations and decisions: 00:30

- Intermediary's report for [Case Participant] to be delivered to the court by: [Due date] to be arranged by [Assignee]
 - The court will determine the application for an intermediary by: [Date]

Ground rules hearing CrimPR rule 3.9

Ground rules hearing CrimPR rule 3.9

- The court will discuss ground rules for questioning on: [Due date]
- If an intermediary is appointed for a witness or for the defendant, the court must discuss the ground rules for questioning with the intermediary and the advocates before the witness or defendant gives evidence. Sufficient time must be allowed for this.

Ground rules: witness(es) CrimPR rules 3.8(7), 3.9

Ground rules: witness(es) CrimPR rules 3.8(7), 3.9

- The following ground rules will apply for the questioning of [Name of witness] :
 - clear and simple language to be used;
 - no tagged questions;
 - no multiple questions;
 - no questions to be repeated unless not heard or not understood;
 - the witness must be allowed to answer one question before another is asked;
 - questions to be asked in cross-examination to be submitted by: [Due date] to be arranged by [Assignee] ;
 - other ground rules: [(g) other ground rules.]

Ground rules: defendant CrimPR rules 3.8(7), 3.9

Ground rules: defendant CrimPR rules 3.8(7), 3.9

- The following ground rules will apply for the questioning of the defendant [Name of Defendant] :
 - clear and simple language to be used;
 - no tagged questions;
 - no multiple questions;
 - no questions to be repeated unless not heard or not understood;
 - the defendant must be allowed to answer one question before another is asked;
 - questions to be asked in cross-examination to be submitted by: [Due date] to be arranged by [Assignee] ;
 - other ground rules: [(g) other ground rules.]

Standard trial preparation time limits

The court can vary any of these time limits. Time limits marked * are not prescribed by rules.

The total time needed to comply with all these time limits is 6 weeks (9 weeks if paragraph m applies).

Written admissions

Written admissions (Criminal Procedure Rules, r.24.6; Criminal Justice Act 1967 s.10)

- a. The parties must serve any written admissions of agreed facts within 14 days.*

Defence statement

Defence statement (Criminal Procedure Rules, r.15.4; Criminal Procedure and Investigations Act 1996, s.b. 6)

- b. Any defence statement must be served within 14 days of the prosecutor complying with the initial duty of disclosure.

Defence witnesses

Defence witnesses (Criminal Procedure and Investigations Act 1996, s.6C)

- c. Defence witness names, etc. must be notified within 14 days of the prosecutor complying with the initial duty of disclosure.

Application for disclosure

Application for disclosure (Criminal Procedure Rules, r.15.5; Criminal Procedure and Investigations Act 1996, s.8)

- d. The defendant must serve any application for an order for prosecution disclosure as soon as reasonably practicable after the prosecutor complies with the initial duty of disclosure.* Under s.8 of the Criminal Procedure and Investigations Act 1996, no such application may be made unless a defence statement has been served.
- e. The prosecutor must serve any representations in response within 14 days after that.

Witness statements

Witness statements (Criminal Procedure Rules, r.16.4; Criminal Justice Act 1967 s.9)

- f. The defendant must serve any defence witness statement to be read at trial at least 14 days before the trial.*
- g. Any objection to a witness statement being read at trial must be made within 7 days of service of the statement. This does not apply to the statements listed in Part 4.

Measures to assist a witness or defendant to give evidence

Measures to assist a witness or defendant to give evidence (Criminal Procedure Rules, rr.18.3, 18.13, 18.17, 18.22, 18.26)

- h. Any [further] application for special or other measures must be served within 28 days.
- i. Any representations in response must be served within 14 days after that.

Cross-examination where defendant not represented

Cross-examination where defendant not represented (Criminal Procedure Rules, rr.23.2, 23.4, 23.7)

- j. The defendant must serve notice of any representative appointed to cross-examine within 7 days.*
- k. The prosecutor must serve any application to prohibit cross-examination by the defendant in person as soon as reasonably practicable.
- l. Any representations in response must be served within 14 days after that.

Expert evidence

Expert evidence (Criminal Procedure Rules, rr.19.3, 19.4)

- m. If either party relies on expert evidence, the directions below apply.
- (i) The expert's report must be served within 28 days.*
- (ii) A party who wants that expert to attend the trial must give notice within 7 days after (i).*
- (iii) A party who relies on expert evidence in response must serve it within 14 days after (ii).*
- (iv) There must be a meeting of experts under rule 19.6 within 14 days after (iii).*
- (v) The parties must notify the court immediately after (iv) if the length of the trial is affected by the outcome of the meeting.*

Standard trial preparation time limits

Hearsay evidence

Hearsay evidence (Criminal Procedure Rules, rr.20.2, 20.3).

- n. The prosecutor must serve any notice to introduce hearsay evidence within 28 days.
- o. The defendant must serve any notice to introduce hearsay evidence as soon as reasonably practicable.
- p. Any application to determine an objection to hearsay evidence must be served within 14 days of service of the notice or evidence.

Bad character evidence

Bad character evidence (Criminal Procedure Rules, rr.21.2, 21.3, 21.4)

- q. The prosecutor must serve any notice to introduce evidence of the defendant's bad character within 28 days.
- r. Any application to determine an objection to that notice must be served within 14 days after that.
- s. Any application to introduce evidence of a non-defendant's bad character must be served within 14 days of prosecution disclosure.
- t. Any notice of objection to that evidence must be served within 14 days after that.

Previous sexual behaviour evidence

Previous sexual behaviour evidence (Criminal Procedure Rules, rr.22.2, 22.3, 22.4,22.5)

- u. The defendant must serve any application for permission to introduce evidence of a complainant's previous sexual behaviour within 28 days of prosecution disclosure.
- v. The prosecutor must serve any representations in response within 14 days after that.

Point of law, including abuse of process etc.

Point of law, including abuse of process etc. (Criminal Procedure Rules, rr.3.3.3,12)

- w. Any skeleton argument must be served at least 14 days before the trial.*
- x. Any skeleton argument in reply must be served within 7 days after that.*

Trial readiness

Trial readiness (Criminal Procedure Rules, rr.3.3, 3.12)

- y. The parties must certify readiness for trial at least 14 days before the trial,* confirming that witnesses due to give evidence in person will do so and confirming the trial time estimate.

-31/03/2024 16:33 BST--

I consent to my fingerprints/DNA sample/footwear impression being taken.

I have been informed that any sample/fingerprints/Footwear impressions taken will be subject to a speculative search.

Any photograph may be used in the prevention or detection of crime or the prosecution of offences.

I understand that that if I am released subject to pre-charge bail or under investigation without bail, my biometric material (DNA and/or fingerprints) and my photograph will be held and searched against the national databases.

I understand that if no further action is taken against me my biometric material will be deleted or as the case may be (subject to an application to the Commissioner for the Retention and Use of Biometric Material for extended retention) retained indefinitely due to my previous conviction history.

Disposal
-31/03/2024 17:23 BST--

31/03/2024 17:24

*** RUI RATIONALE ***

I have reviewed the circumstances of this case and reviewed the evidence available, I have also discussed the case with the investigating officer.

The DP has been arrested after providing a positive drug/wipe sample following being stopped by officers, given that the DP has been stopped driving, no interview is required. The only enquiry remaining is for the specimen of blood that the DP has provided to be analysed - this cannot be done within the current PACE clock and I am advised is taking several weeks to complete.

Given the circumstances so far I am satisfied that it is in the Public Interest to take formal action in relation to this matter and releasing the DP with no further action is not appropriate. Neither the Full Code Test or Threshold Test are met so this leaves me with options to either release on Bail or release under investigation.

I have considered releasing the DP on Bail, with or without conditions and believe there are insufficient grounds to do so - the blood analysis I have discussed with the arresting officer and HCP if the continued detention of this DP is necessary in accordance with S10 of the Road Traffic Act. I am advised that there are no concerns over the fitness of the DP which would suggest that his detention should continue in accordance with S10, therefore the DP will be released from custody under investigation.

The DP will be informed of my decision and that should further evidence come to light at a later date then they may be re-arrested for this matter.

*** POST-RELEASE RISK MITIGATION ***

In accordance with current policy I have made an assessment as to the risks this DP poses to themselves or others post-release;

Current identified risks:

- Historic issues identified and assessed as low risk

Release Risk: Level 2 - Raised

Actions taken:

- Details of referral agencies provided (C17)

DP is medicated with medical cannabis.

Has a depression & anxiety which the cannabis is medicated for.

Historic self-harm by reckless behaviour, no current thoughts.

Nothing in his presentation makes me believe he is at risk of harming himself at this time.

Concerning (V/W):

Subject: Chase for service of evidence

Description: Mr Aziz phoned to ask when the evidence will be served. I said that we had just received the full file from the Police and would send out the evidence pack as soon as we could. He also confirmed that if there is digital media to be served, that he will need it to be on a USB stick rather than a disc.

Saleem AZIZ

8th November 2024

44BB0228824/ [REDACTED]

Dear Mr Aziz,

LETTER TO DEFENCE WHERE THERE IS NO MATERIAL TO DISCLOSE (MAGISTRATES' COURT)

R v Saleem AZIZ

COURT AND NEXT HEARING DATE: Aldershot Magistrates Court 7th March 2025

I am required to disclose to you any prosecution material which has not previously been disclosed, and which might reasonably be considered capable of undermining the prosecution case against the accused or of assisting the case for the accused.

Attached to this letter is a copy of a schedule of non-sensitive unused material.

Where the word 'evidence' appears alongside any item, the items listed on the schedule are intended to be used as part of the prosecution case. You will receive a written notice should the position change.

At this stage, there is no prosecution material which requires disclosure to you.

In magistrates' court cases, a defence statement is optional. If you supply a written defence statement to me and to the court within 14 days, any undisclosed material will be further reviewed in the light of that statement.

The defence statement must comply with the requirements of section 6A of the CPIA:

- (1) For the purposes of this Part a defence statement is a written statement—
 - (a) setting out the nature of the accused's defence, including any particular defences on which he intends to rely,
 - (b) indicating the matters of fact on which he takes issue with the prosecution,

Crown House
Winston Churchill Avenue
Portsmouth
PO1 2PJ

[REDACTED]

[REDACTED]

[REDACTED]

(c) setting out, in the case of each such matter, why he takes issue with the prosecution, [(ca) setting out particulars of the matters of fact on which he intends to rely for the purposes of his defence, and]

(d) indicating any point of law (including any point as to the admissibility of evidence or an abuse of process) which he wishes to take, and any authority on which he intends to rely for that purpose.

(2) A defence statement that discloses an alibi must give particulars of it, including—

(a) the name, address and date of birth of any witness the accused believes is able to give evidence in support of the alibi, or as many of those details as are known to the accused when the statement is given;

(b) any information in the accused's possession which might be of material assistance in identifying or finding any such witness in whose case any of the details mentioned in paragraph (a) are not known to the accused when the statement is given.

In accordance with my continuing duty, I will review the information you provide in the statement to identify any remaining material which has not already been disclosed. The statement will also be relied on by the court if you later make an application under section 8 CPIA.

If you do not make a CPIA-compliant defence statement where one is required or provided, or do so late, the court may hear comment and/or draw an adverse inference.

You are also required to give advance details of any witnesses you intend to call at trial within 14 days, which can be extended on application. If you do not give details, or do so late, the court may comment and/or draw an adverse inference.

Yours faithfully

Senior Crown Prosecutor

Dear Case Progression Team,

Defendant: Salwan Aziz
Date of Birth: 25/06/1999
USN: 4408022824

I am writing to request the password for the following item:

Served Evidence: DWVY PC [REDACTED]

Additionally, I would like to request full disclosure of all non-sensitive unused material as soon as possible in order for me to create my defence.

Given the additional requested items and the delay so far in receiving the correctly served evidence, I am requesting an extension to the submission deadline for my defence.

If you require any further information please let me know.

Kind regards,

Salwan Aziz

On Tue, 11 Feb 2020, 13:41, [REDACTED] <[REDACTED]> wrote:

Dear Belinda Price,

I spoke to a colleague on the phone who asked me to write you email to permission.

I have been attempting to contact the CPO and Alameda Vigilante to clarify what information is required and a timeframe. Unfortunately I have not yet received any confirmation, and I am concerned as the trial is less than a month away.

Please could you suggest get in touch with Alameda Vigilante to clarify what information I need to provide and a deadline.

Please note I have contacted SIO to request DMG, however I have been advised that this may take up to 30 working days to receive.

CPO - I spoke to a solicitor and whilst I can't afford to instruct them, they recommended contacting you to see if there is any information I can provide that would be helpful to their case, such as proof of possession and proof of security. If this would be helpful to the case, or if there is any other information I can provide that would help the case please let me know.

Kind regards,

Belinda Price

Clinical Information

Allergies/Adverse Reactions

Presenting Complaint

Feeling anxious

History Of Presenting Complaint

PC - Feeling suicidal, medication issues

HPC - Background of having medical cannabis prescribed through a vapouriser, which he describes as being in form of 'cannabis flower', this is from a private clinic and private pharmacy

- He was visiting [REDACTED] saturday in plymouth and was in possession of his cannabis and taking using the vapouriser in public when police discovered this due to smelling the cannabis and went on to arrest him
- He states that he is not a criminal and was thrown to the ground and then taken to custody and had his cannabis taken from him
- The experience of this today has made him feel suicidal, he walked along a busy road which resulted in him being picked up by police and conveyed to Derriford for psych assessment
- He has not harmed himself in anyway but states he feels that what is the point in living when you get treated that way
- He was referred to first response who have told him he is able to be discharged home, however he feels that he would like to see PLNs
- Patient concerned that he now does not have his cannabis medication and won't be able to get it for a while

PMH - Depresson

DH - Citalopram
- Medical cannabis

SH - Lives in hospital accomodation in Torbay
- Works as support worker 'for NHS in Devon'

A - Patent
B - No increased WOB, RR 14
C - No concerns
D - GCS 15/15
E - No medical concerns

ED Examination

MH - Engaging in conversation, making eye contact, shakey, mood appears affected by todays events but smiling and laughing during conversation, well dressed, clean, eating and drinking, states 'what is point in living', does not 'want' to harm himself but keeps having thoughts of ending his life

ED Investigations

Investigation not indicated

ED Procedures

Treatment not indicated

ED Diagnoses

[?] Depressive disorder

ED Management Plan

Spoken to first response, they have said safe to discharge, patient would like to see PLNs
Discuss with them further, discuss with senior regarding concerns regarding cannabis medication - there is nothing we can do regarding this prescription, he needs to see GP/clinic.

PLNS have very kindly agreed to briefly see him.

APPLICATION FOR A MCKENZIE FRIEND (DEFENDANT'S ASSISTANT)

(Criminal Procedure Rules, Part 18)

Use this form if you want permission to be helped by a McKenzie friend (defendant's assistant) during a hearing in a criminal court. **The court needs the information in this form to decide whether to give permission.** If you have not made your application before the hearing date, hand the completed form to the court usher before the hearing starts.

Case details

Name of defendant(s): Saleem Aziz

Court: Aldershot Magistrates Court

Case number: 44BB0228824

Name of defendant making this application: Saleem Aziz

I apply for the court's permission to have a McKenzie friend (defendant's assistant) with me during the hearing. I understand that if the court gives permission:

- my McKenzie friend may help me with case papers, take notes for me and advise me quietly, without interrupting the proceedings, as the court permits
- my McKenzie friend may NOT address the court or question a witness unless, exceptionally, the court gives special permission immediately before they do so
- the court may withdraw permission at any time.

About my McKenzie friend

Is the person you want to be your McKenzie friend expected to be a witness in your case?

☐ Yes ☒ No

If yes, that person **cannot usually help you as a McKenzie friend**. You should find someone else.

The person I want to be my McKenzie friend is:

The person I want to be my McKenzie friend has:

Have you agreed to pay your McKenzie friend for their help?

☐ Yes ☒ No

If yes, please give details:

Has the person you want to be your McKenzie friend ever been:
refused permission to help someone as a McKenzie friend?
excluded from a court hearing?
found in contempt of court?
disciplined by a legal professional body?

If you answered yes to any of those questions, please give details:

Is the person you want to be your McKenzie friend a defendant to a prosecution themselves or under investigation for an alleged offence?

If yes, please give details. Explain whether that prosecution or investigation is related to your prosecution (for example, because each of you is accused of an alleged offence on the same occasion).

Declaration by McKenzie friend

I confirm the accuracy of the information above.

I understand that if the court gives permission for me to help the defendant:

- I may help with case papers, take notes for the defendant and advise the defendant quietly without interrupting the proceedings, as the court permits
- I may NOT address the court or question a witness unless, exceptionally, the court gives special permission immediately before I do so
- I will be a participant in the conduct of the case for the purposes of [rule 1.2 of the Criminal Procedure Rules](#), which means that I must comply with the Rules and with directions made by the court
- the court may withdraw permission at any time.

I understand that the court may ask me questions about this application.

Signed:

A large black rectangular box redacting the signature of the defendant.

DEFENCE STATEMENT <i>(Criminal Procedure and Investigations Act 1996, section 5 & 6; Criminal Procedure and Investigations Act 1996 (Defence Disclosure Time Limits) Regulations 2011; Criminal Procedure Rules, rule 15.4)</i>
Case details Name of defendant: Saleem Aziz Court: Aldershot Magistrates Court Case reference number: 44BB0228824 Charge(s): ● Exceeding the specified limit of THC as per Sec 5A RTA 1988 ● Driving whilst unfit due to a drug as per Sec 4 RTA 1988
<u>When to use this form</u> If you are a defendant pleading not guilty: (a) in a Crown Court case, you must give the information listed in Part 2 of this form; (b) in a magistrates' court case, you may give that information but you do not have to do so. The time limit for giving the information is: 14 days (in a magistrates' court case) 28 days (in a Crown Court case) after initial prosecution disclosure (or notice from the prosecutor that there is no material to disclose). <u>How to use this form</u> 1. Complete the case details box above, and Part 1 below. 2. Attach as many sheets as you need to give the information listed in Part 2. 3. Sign and date the completed form. 4. Send a copy of the completed form to: (a) the court, and (b) the prosecutor <u>before the time limit expires.</u> If you need more time, you must apply to the court before the time limit expires. You should apply in writing, but no special form is needed.

Part 1: Plea I confirm that I intend to plead not guilty to all the charges against me:
Part 2: Nature of the defence Exceeding the limit of cannabis in blood I have a statutory medical defence to exceed the specified limit of THC within s.5A (3) RTA 1988 due to the controlled drug being lawfully prescribed to me for my medical conditions. Section 5A (3) states: <i>"It is a defence for a person ("D") charged with an offence under this section to show that: -</i> (a) <i>the specified controlled drug had been prescribed or supplied to D for medical or dental purposes,</i> (b) <i>took the drug in accordance with any directions given by the person by whom the drug was prescribed or supplied, and with any accompanying instructions (so far as consistent with any such directions) given by the manufacturer or distributor of the drug, and -</i> (c) <i>D's possession of the drug immediately before taking it was not unlawful under section 5(1) of the Misuse of Drugs Act 1971 (restriction of possession of controlled drugs) because of an exemption in regulations made under section 7 of that Act (authorisation of activities otherwise unlawful under foregoing provisions).</i> The Defendant relies on the following facts in his defence: • The Defendant has been diagnosed with depression and anxiety by a GMC registered psychiatric specialist consultant. • The defendant was prescribed medicinal cannabis for medical use. • The defendant was following the directions given to him by his specialist consultant, clinic, pharmacy, the DVLA and the DfT which in essence is 'do not drive if you feel impaired by the effects of the medication'.

WARNING: Under section 11 of the Criminal Procedure and Investigations Act 1996, if you (a) **do not disclose what the Act requires; (b) do not give a defence statement before the time limit expires; (c) at trial, rely on a defence, or facts, that you have not disclosed; or (d) at trial, call an alibi witness whom you have not identified in advance, then the court, the prosecutor or another defendant may comment on that, and the court may draw such inferences as it thinks proper in deciding whether you are guilty.**

- The defendant's possession of the drug immediately before taking it was not unlawful under section 5(1) of the Misuse of Drugs Act 1971 (restriction of possession of controlled drugs) because of an exemption in regulations made under section 7 of that Act (authorisation of activities otherwise unlawful under foregoing provisions).
- The defendant was stopped randomly by police whilst leaving a music event. There was no traffic incident, moving traffic offence and although the officer believed there may be indications of impairment (looking nervous and shaking hands), this was due to the defendant's disabilities/conditions and relates to previous interactions with police as a medical cannabis patient.
- The defence can demonstrate expert evidence of a global cohort of peer reviewed clinical studies that demonstrate that due to the pharmacodynamics of THC, in that THC stores within fatty tissues and slowly releases into the blood stream, blood tests cannot identify impairment, recent use nor dosage taken and it is a scientific fact that every medical cannabis patient will consistently exceed the specified limit and that it is possible for a medical user to exceed the specified limit for weeks (up to 18 days) following abstinence.
- The defendant's blood result showed 3.6 microgrammes of THC per litre of blood which although almost twice the specified limit (a *per se* zero tolerance limit), this result is usual, if not low, for a medical user.

Section 5A (5) of the Road Traffic Act states:

"If evidence is adduced that is sufficient to raise an issue with respect to the defence in subsection (3), the court must assume that the defence is satisfied unless the prosecution proves beyond reasonable doubt that it is not."

Driving whilst unfit due to drugs

Within the officers s.9 witness statement, he states: *'He appeared nervous when stopped and his hands were shaking. AZIZ provided a preliminary drug test which indicated a positive result for cannabis/cocaine.'* Further, within MG DD/E at QE9 with the question: *Is any particular drug suspected?* The answer: *Cannabis plus others.* This infers that the officer, stopping drivers after leaving an 'illegal rave' believed that the defendant was nervous and shaking, had taken cannabis, cocaine and potentially other drugs and so was expecting the defendant to be impaired.

The defence therefore takes issue with the officer's determination that the defendant was impaired and/or under the influence of drugs whilst driving whilst not accounting for the defendant's medical conditions/disabilities which would explain his initial observations and observations whilst conducting the FIT, even though the defendant repeatedly expressed that he suffers from anxiety.

WARNING: Under section 11 of the Criminal Procedure and Investigations Act

1996, if you (a) **do not disclose what the Act requires; (b) do not give a defence statement before the time limit expires; (c) at trial, rely on a defence, or facts, that you have not disclosed; or (d) at trial, call an alibi witness whom you have not identified in advance, then the court, the prosecutor or another defendant may comment on that, and the court may draw such inferences as it thinks proper in deciding whether you are guilty.**

Furthermore, within the streamlined forensic report, the results showed 3.6 microgrammes of THC per litre of whole blood and 'None of the other drugs pursuant to Section 5A of the Road Traffic Act 1988 (within the scope of testing) were detected.' This proves that the preliminary drug test provided a false reading for cocaine however this would have influenced the officer's belief that the defendant was driving with poly drugs in his system.

There is no evidence pertaining to issues of the defendant's driving, the police were stopping vehicles leaving a music event, that they referred to as an 'illegal rave', again influencing the officer's expectations. This can be demonstrated via the officer's testimony prior to conducting the FIT:

'Due to his demeanour and behaviour as well as the suspicion, he was driving whilst unfit though drink or drugs he was required to carry out a field impairment test. He appeared nervous when stopped and his hands were shaking.'

On the 5th August 2023, the defendant, having no prior history of arrest, caution nor conviction was approached by police in Plymouth, Devon for using his prescribed medication. Upon stating that he is legally prescribed cannabis and that he is not a criminal, the police (unaware of the legislative change on 1st November 2018) ignored his defence, threw him to the ground, arrested him and took him to custody. They then admitted him to hospital the next day for a Psych assessment. This caused severe psychological trauma to the defendant and first hand experience of the police breaching PACE and being ignorant of the law.

Since then, the defendant has dedicated much of his time and effort to supporting medical cannabis patients facing similar situations via education, advocacy and support as a team member of PatientsCann UK, a national cannabis patient organisation.

Incidents such as this, cause severe anxiety attacks, trauma and depression and it is for these reasons that the defendant experienced difficulties in following instructions and completing the complex tasks within the FIT:

PUPIL EXAM: Both of AZIZ' pupils measured 2mm and his eyes were watery. The normal accepted range is 3.0 to 6.5mm. This is typical for a person prescribed medical cannabis, opioids, benzodiazepines and other prescribed medications. Although slightly smaller than someone not taking a medication, it does not relate to impairment of motor skills but more an indication of a medicine or drug being present.

MODIFIED ROMBERG BALANCE TEST: The normal accepted range for this test is 25 – 35 seconds. The defendant believed that 30 seconds had passed after 24.2 seconds. The officer also noted eyelid tremors were present during the test. Eyelid tremors are a common indication of anxiety and 0.8 of a second is unremarkable.

WARNING: Under section 11 of the Criminal Procedure and Investigations Act 1996, if you (a) do not disclose what the Act requires; (b) do not give a defence statement before the time limit expires; (c) at trial, rely on a defence, or facts, that you have not disclosed; or (d) at trial, call an alibi witness whom you have not identified in advance, then the court, the prosecutor or another defendant may comment on that, and the court may draw such inferences as it thinks proper in deciding whether you are guilty.

WALK AND TURN TEST: Psychiatric disorders including panic, anxiety or depression can have associated vestibular symptoms (vertigo, dizziness, unsteadiness) which could account for poor balance whilst the test being conducted. Further, heightened levels of anxiety can explain difficulty in following instructions.

ONE LEG STAND TEST: The officer stated: *'AZIZ counted incorrectly during this test counting one one thousand etc. He had very shaky legs throughout the test and his foot was not held steady or horizontal to the ground and he did not raise either foot high enough and it was only around 3inches off of the ground on both occasions. Again he has failed to listen to and comply with the instructions given.'* Again, the difficulty in listening and following complex instructions combined with balance tests, especially following the prior test, as stated above can be attributed to the defendant's medical conditions.

FINGER TO NOSE TEST: The video footage does not show the defendant touching his nose as the camera was positioned behind him, further there were two loud explosions (fireworks or shotgun) whilst the officer was giving instructions, causing the defendant to jump.

The defence therefore objects to the officer's determination that the defendant was unfit to drive due to drugs as it was only upon being stopped by police combined with the following preliminary tests that caused severe anxiety which explains the above.

Therefore, the defence avers that it is not possible for the prosecution to prove beyond reasonable doubt that the defendant was unfit to drive due to a legally prescribed drug.

Signed: defendant

Saleem Aziz

**APPEAL TO THE CROWN COURT FROM A MAGISTRATES' COURT
(INCLUDING A YOUTH COURT)**

APPEAL AGAINST CONVICTION OR CONVICTION AND SENTENCE

(Criminal Procedure Rules, rule 34.3)

Use this form ONLY for an appeal to the Crown Court under CrimPR Part 34 against a conviction or finding of guilt in a criminal case. If you use this form for that, you can also use it for an appeal against a sentence or order. There is a different form for an appeal to the Crown Court against a sentence or order only, and a different form for applying or appealing to the Crown Court about bail under CrimPR 14.8. This form is NOT for use in a non-criminal case, e.g. an appeal about council tax enforcement or about the revocation of a minicab licence.

You may not need to appeal. Sometimes a magistrates' court or youth court can change a decision which it has made, under section 142 of the Magistrates' Courts Act 1980 and CrimPR 24.18.

Important notice

- (1) an appeal hearing can go ahead even if you do not attend.
(2) if your appeal fails, the court can increase your sentence and make a costs order against you.

1. Complete the box above and give the details required in the boxes below. If you use an electronic version of this form, the boxes will expand¹. If you use a paper version and need more space, you may attach extra sheets.

2. Sign and date the completed form.

3. Send the completed form to the magistrates' or youth court office AND send a copy of the completed form to the prosecutor's office. You can get the address of the prosecutor's office from the magistrates' court where you were convicted.

¹ Forms for use with the Rules are at: [REDACTED]

Make sure this appeal notice reaches both those offices not more than 21 days after the date you were sentenced, whether you are appealing against conviction only or against sentence, too. Otherwise, you will have to ask the Crown Court for permission to appeal out of time and the court may refuse.	
(1) This is an appeal to the Crown Court about: Give brief details of the magistrates' court or youth court decision about which you are appealing, including the date of that decision (e.g. 'my conviction for [offence] on [date] [and my sentence of [penalty] for that offence on [date]]'). I wish to appeal both the conviction (Section 5A RTA 1988) and associated sentence (disqualification), fine and court costs that I received on 13th October 2025.	
<i>If applicable:</i> I need an extension of time for this appeal. My appeal is late because: Explain why your appeal is late. Attach copies of any letters or other documents you want the court to see. The time limit is 21 days from the date of sentence, whether you are appealing against conviction only or against sentence, too. Only the Crown Court can extend the 21 day time limit for appeal.	
<i>If applicable:</i> My appeal should be heard urgently because: Explain why. Attach copies of any letters or other documents you want the court to see.	
(2) Other applications. I am also applying for: ☒ the suspension of my disqualification, e.g. from driving, until my appeal is heard. You can ONLY apply for the suspension of a disqualification imposed in <u>this</u> case. ☒ bail until my appeal is heard. Give reasons for any application you are making:	
I want my application(s) considered by ☐ the magistrates' court ☒ the Crown Court Each court can consider these applications. You can apply to both.	

	(3) The issues in this case. Summarise the matters of fact or law which are in dispute. The defendant was prosecuted based upon the date of prescription (written 25th January 2024, dispensed on 29/01/2025) however he was arrested on the 31st March 2024 (just over 2 months since the prescription was dispensed). Both the prosecution and the Magistrate wrongly assumed that the possession was therefore unlawful and that the statutory medical defence failed for this reason (S.5A(3)(c) RTA 1988). He had been prescribed 60g (6 x 10g individual prescriptions) which are PRN (use as required) and as with most medical cannabis patients, patients will use a certain dose of a certain cultivar dependant on the patients' clinical needs. Therefore, patients will in most cases have certain cultivars that they use less than others (say an indica to help with sleep when needed) and will continue to use this product until it has run out or is past its best. A person possessing a Schedule 2 controlled drug as part of a prescription is not breaking the law under Section 5(1) of the Misuse of Drugs Act 1971 because the prescription is authorized by regulations made under Section 7 of the Act. These regulations provide a legal exemption for specific activities, such as a patient possessing a prescribed controlled drug for their medical use, making the possession lawful. • Section 5(1) MDA 1971: This part of the Act makes it illegal to possess controlled drugs, but it includes exceptions for specific circumstances. • Section 7 regulations: These regulations specify who can be exempt from the possession rules. For example, a patient who is legally prescribed a drug under the regulations is exempt from the general prohibition on possession. • Lawful possession: Therefore, a patient in possession of a Schedule 2 controlled drug that was prescribed to them is acting lawfully because they are covered by the exemption in the regulations. Clarification on the 30-day period: • The 30-day period applies to the prescribing and dispensing of controlled drugs, not the patient's possession. • For prescribers and pharmacists: The Department of Health and Social Care recommends that the maximum quantity of a Schedule 2 controlled drug prescribed or dispensed should not exceed 30 days. • For patients: This dispensing limit does not impose a 30-day possession limit on the patient. A person can possess their remaining medication for as long as they need to complete their course of treatment, provided it was initially supplied legally. Section 5A (3) RTA 1988 states: <i>"It is a defence for a person ("D") charged with an offence under this section to show that: -</i> <i>(a) the specified controlled drug had been prescribed or supplied to D for medical or dental purposes,</i>
--	---

(b) <i>took the drug in accordance with any directions given by the person by whom the drug was prescribed or supplied, and with any accompanying instructions (so far as consistent with any such directions) given by the manufacturer or distributor of the drug, and -</i> (c) <i>D's possession of the drug immediately before taking it was not unlawful under section 5(1) of the Misuse of Drugs Act 1971 (restriction of possession of controlled drugs) because of an exemption in regulations made under section 7 of that Act (authorisation of activities otherwise unlawful under foregoing provisions).</i> The defendant met the criteria for the three limbs of the statutory medical defence as per s.5A (3) RTA 1988 in that the cannabis was prescribed to him for medical treatment, that he followed the directions of his prescribing consultant (used a vaporiser and was not impaired) and that possession was legal. Are the issues in the case still the same now as they were in the magistrates' court? If not, explain what is different. The defendant was charged with both S.4 and S.5A RTA 1988 however he was not convicted for the S.4 offence, only the S.5A offence. The defence therefore only intends to appeal the S.5A conviction and associated sentencing.	(4) Case management in the Crown Court. Answer the following questions as far as you can. If you do not know the answer to a question, say so. Any answers that you can give will help the Crown Court to arrange an effective appeal hearing, even if you cannot answer every question. Did you attend the trial in the magistrates' court? ☒ Yes ☐ No How long did the trial last in the magistrates' court? Say if you don't know or you aren't sure. 3 hours Was there an interpreter for you in the magistrates' court? ☐ Yes ☒ No The court may have arranged an interpreter for you if English is not your first language. Do you need an interpreter in the Crown Court? ☐ Yes ☒ No You may need an interpreter if English is not your first language. If yes, in what language (and dialect, if relevant)? How long do you expect the appeal hearing to last in the Crown Court? Say if you don't know or you aren't sure.
--	--

Not sure

A. Case management information about the trial in the magistrates' court

1. Which prosecution witnesses gave oral evidence in the magistrates' court? List their names.

PC [REDACTED]

2. Were any prosecution witnesses' written statements read out in the magistrates' court? If so, which ones? List the witnesses' names.

N/A

3. Which defence witnesses gave oral evidence in the magistrates' court? List their names.

Saleem Aziz

4. Was there an interpreter for any defence witness in the magistrates' court?

☐ Yes ☒ No

If yes, list the names of those defence witnesses.

5. Did any defence witnesses who gave oral evidence in the magistrates' court (including you, if you gave evidence) need special or other measures to help them do so? List the witnesses' names and describe what the measures were. Special or other measures may include screens, evidence by live link or in private, video recorded interview as evidence, intermediary, breaks in examination or other measures to accommodate disability.

N/A

6. Did any of the defence witnesses who gave oral evidence in the magistrates' court need to be summoned by the court to make them attend? List their names.	N/A
7. Were any defence witnesses' written statements read out in the magistrates' court? If so, which ones? List the witnesses' names.	N/A
8. In the magistrates' court, did you introduce evidence or make an application under any of the following Criminal Procedure Rules? If you have no legal representative you may find this question hard to answer. If you are not sure what to put, tick 'Don't know'.	Part 16 Written witness statements ☐ Yes ☒ No ☐ Don't know Part 17 Witness summonses, warrants and orders ☐ Yes ☒ No ☐ Don't know Part 18 Measures to assist a witness or defendant to give evidence ☐ Yes ☒ No ☐ Don't know Part 19 Expert evidence ☐ Yes ☒ No ☐ Don't know Part 20 Hearsay evidence ☐ Yes ☒ No ☐ Don't know Part 21 Evidence of bad character ☐ Yes ☒ No ☐ Don't know Part 22 Evidence of a complainant's previous sexual behaviour ☐ Yes ☒ No ☐ Don't know
B. Case management information about your appeal to the Crown Court	
1. Which prosecution witnesses will you want to question in the Crown Court if they give evidence? List their names.	PC [REDACTED]
2. Which defence witnesses do you want to give oral evidence in the Crown Court? List their names. Include your own name if you intend to give evidence. It is your responsibility to arrange for your witnesses to attend court.	Saleem Aziz [REDACTED]
3. Do any defence witnesses need an interpreter in the Crown Court? If yes, list their names and the language (and dialect, if relevant).	☐ Yes ☒ No

If the Crown Court refuses your appeal against conviction you can still appeal against the sentence passed by the magistrates' court if you want to do so. If you want to appeal against the sentence or order passed by the magistrates' court, answer these next two questions:

What part(s) of the sentence are you appealing against, and why? For example, are you appealing against the amount of a fine, or against the length of a sentence of imprisonment or detention, or against a disqualification (e.g. from driving)?

What information do you want the Crown Court to take into account in particular? For example, explain any circumstances of which you think the court should take account and mention any report, financial information or other information that you think ought to affect the sentence or other order the court makes. Explain why you think those circumstances or that information matters.
